Report Section 5: Improvement & Regression Candidates

Likely to Improve

Define — 2nd in a Grade 2 last out.

Deep Learning — Close in three straight graded stakes this summer.

Bounce / Regression Risks

Sister Troienne — Faces Tam Tam for the lead in a HOT pace.

Mother Green — Big class rise from an N1X allowance.

Report Section 6: Suggested Bets

WIN BET: TAM TAM — Confidence 3/10 — Target odds: 9-5 or better

Model projects 36% at 4-5 (55.6% implied): –19.6%. Top model horse, but the fade at 4-5; bet her only at about fair odds (1.8-1) or better.

VALUE PLAY: DEFINE — Confidence 2/10 — Target odds: 6-1 or better

Model projects 15% at 8-1 (11.1% implied): +3.9%, the only overlay under 10-1.

LONGSHOT PLAY: TURNER'S CHARM — Confidence 2/10 — Target odds: 8-1 or better

Model projects 12% at 15-1 (6.3% implied): +5.7%, the biggest overlay in the race.

SECOND PLAY: DEEP LEARNING — Confidence 2/10 — Target odds: 11-2 or better

Model projects 16% at 5-1 (16.7% implied): –0.7%. Next unused model horse.

Multi-Race Sequences: Pick 3 / Pick 4 / Pick 5 / Pick 6 — Top 3

A: Tam Tam — 36%
B: Deep Learning — 16%
C: Define — 15% (ties Sister Troienne at 15%; Define has the bigger edge)

Combined Projected Probability: 67%

Report Section 7: Confidence Rating

★★ (2 of 5 stars)

Tam Tam is the class of the field and the model's top horse at 36%, but 4-5 is too short. A HOT pace with three speed horses could open the door for **Define** and **Turner's Charm**.
