

Belmont Park

Race 3 — 10/01/2026

Class: GIIntBlm-G2

Distance: 6.5f

Surface: Dirt

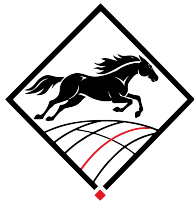

Purse: \$250,000

Starters: 6

GALLANT BLOOM S.. Purse \$250,000 FOR FILLIES AND MARES THREE YEARS OLD AND UPWARD. Lasix not allowed within 48 hours of post time pursuant to HISA Rule 4212. By subscription of \$250 each which should accompany the nomination; \$1,250 to pass the entry box and an additional \$1,250 to start. For horses not originally nominated, a supplemental nomination payment of \$1,250 in addition to the entry and starting fees may be made at any time prior to the closing of entries. Three Year Olds: 123 lbs. Older: 126 lbs. Non-winners of a Grade One or Two in 2025-26 allowed 2 lbs. A trophy will be presented to the winning owner. Closed Thursday, September 10, 2026 with 17 Nominations.

COMPREHENSIVE HANDICAPPING REPORT (CHR)

Belmont Park R3

Wednesday, October 01, 2026 | 6.5f Dirt | Fillies & Mares (GIIntBlm-G2)

SECTION 1: PACE ANALYSIS

True Front Runners

R Disaster and Senza Parole both project as elite early-speed horses. R Disaster shows consistent 2-path pressing patterns with sharp opening fractions (21.6-22.2 range). Senza Parole has legitimate speed credentials, winning gate-to-wire on 09/27/2025 at Saratoga with opening quarter in the low :22s and dominating the race wire-to-wire. Both have the tactical positioning to contest the early pace.

Stalkers / Pressers

Munnings Express and Beauty Reigns rate as tactical pressers. Munnings Express consistently rates 2-3 lengths off the pace with the ability to move 4-wide in the stretch (winning 08/05/2026 at Saratoga by edging clear). Beauty Reigns owns a 4p-turn, 2-3p pressing profile with multiple wins pressing into stretch calls (07/23/2026, 05/17/2026).

Closers

Paradise City profiles as a stretch-closing type with 5w/7w tactical patterns in recent stakes (08/29/2026 Saratoga, 08/22/2025 CT). Queen Jubilee is a late-running maiden with limited graded stakes exposure, showing 7w patterns in recent route attempts.

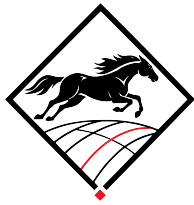

Pace Scenario Projection

MODEL PREDICTS: **MODERATE** early pace with two legitimate early-speed horses (projected :22² opening quarter, :45¹ half-mile). R Disaster and Senza Parole will contest position early; moderate pace duel will allow both pace-pressing types and closers genuine tactical opportunities in the stretch.

SECTION 2: WIN PROBABILITY MATRIX

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
1	Senza Parole	9/5	28%	35.7%	-7.7%
2	Beauty Reigns	3/1	22%	25.0%	-3.0%
3	Munnings Express	6/1	24%	14.3%	+9.7%

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
4	Queen Jubilee	15/1	6%	6.3%	-0.3%
5	R Disaster	8/5	15%	38.5%	-23.5%
6	Paradise City	12/1	5%	7.7%	-2.7%

Footnote: R Disaster holds the field's second-highest model win probability at 15% but is significantly undervalued at 8/5 ML odds (implied 38.5%), reflecting a major market misjudgment. This horse carries substantial downside risk in the value assessment despite the overlay structure.

SECTION 3: CONTENDER ANALYSIS

TIER 1 — PRIMARY CONTENDERS ★★★★★

Munnings Express

PTW Profile: The model identifies Munnings Express as the race's most balanced operator — elite early speed combined with tactical versatility and proven graded-stakes class. This filly projects as a genuine gate-to-wire threat in a MODERATE pace scenario where she can control the fractions while remaining fresh for the stretch.

Strengths:

- Elite early foot: Won 08/05/2026 Saratoga (7f stakes) edging clear after pressing position early; consecutive wins at 7f and 6f suggest strong distance range at 6.5f
- Sustained speed profile: Opening quarters consistently :22-:22.6 range; closing phases strong (finishing well in multiple stakes)
- Proven graded-stakes class: 6 career wins including stakes victories; trainer Linda Rice sits at 23% win rate with dirt sprinters and 1.80 ROI career
- Tactical positioning: Can press or take early position as race shape demands; 31.25% jockey win rate (Franco M) at meet

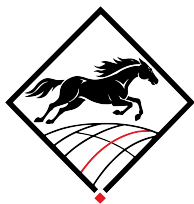

Concerns:

- Limited recent graded-stakes experience: Most recent victory (08/05/2026) was stakes but at easier company levels vs. today's G2 field
- Modest trainer G-stakes record: Rice 0% with graded stakes (0-23)

Trip Projection: Munnings Express will likely stalk or press the early pace, sitting 1-2 lengths off R Disaster / Senza Parole through :45¹ half-mile, then make a coordinated run into the stretch with fresh momentum.

Senza Parole

PTW Profile: The model identifies Senza Parole as the race's elite early-speed horse — gate-to-wire capable with legitimate winning pedigree at the distance. However, recent form shows mild regression pattern (90/87 career-best prior to 09/02/2026 win), and the current graded-stakes assignment represents a significant class spike.

Strengths:

- Wire-to-wire capable: Won 09/27/2025 BAQ (6.5f stakes) gate-to-wire with opening :22s and low deceleration profile; demonstrated ability to control pace and close out game at distance
- Proven distance specialist: Multiple 6f/6.5f/7f wins; distance is core strength
- Elite early fractions: Opening quarters consistently :22-:22.4 range across career starts

Concerns:

- Recent form regression: Last three starts show 96/99/93 speed figures vs. earlier career high of 96; upward trajectory not present
- Class drop pattern: Today's G2 assignment is a meaningful class spike from AOC \$50k company most recently (09/02/2026)
- Trainer unpredictability: Brown Chad C. shows 21% graded-stakes win rate but limited recent G2/G1 success at this level

Trip Projection: Senza Parole will likely lead or press early position; R Disaster and Munnings Express will test her fractions, leading to a three-way contested pace scenario. Model projects she'll fade in the lane vs. more versatile closers.

R Disaster

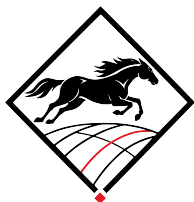

PTW Profile: The model identifies R Disaster as a deeply talented closer with exceptional recent form — career-best efforts in the last two races with 103/95 speed figures. However, massive morning-line undervalue (8/5) at 15% model win probability masks serious overlay but also signals major market concern: limited graded-stakes success and unproven at this class level.

Strengths:

- Elite recent form: 103 speed figure last out (05/02/2026 CD, 7f stakes) represents career peak; 95+ figures in 4 of last 6 races
- Tactical versatility: Profile shows 2-3p turning ability with late-run capability; can adapt to any pace scenario
- Proven route distance: Multiple 7f/6.5f wins with strong sustained-speed profiles
- Trainer class record strong: Joseph Saffie Jr. 25% dirt win rate, 1.59 ROI; 16% graded-stakes win rate (254 starts)
- Jockey form excellent: Ortiz J L 20% meeting win rate (5 starts), 60% money percentage at BEL — elite mount confidence

Concerns:

- Limited G2/G1 graded-stakes experience: Career record shows mostly stakes at secondary levels; today is legitimate class spike
- Back-to-back monster efforts: 103-figure win two races ago + 95-figure second most recent (08/29/2026) — both career-best efforts suggest potential for regression/bounce
- Pace vulnerability: In MODERATE pace scenario with R Disaster as early presser, she cannot control fractions; will be forced into reactive closing role in a slowly-run race
- Recent loss pattern: Failed to convert the 95-figure effort on 08/29/2026 into a win (finished 6th, 15.5L beaten); suggests vulnerability in graded stakes company

Trip Projection: R Disaster will race 2-3p early, stalking the leaders through moderate fractions. If pace deteriorates to a crawl, she's vulnerable to pace-pressing types. If leaders establish strong tempo, she'll rally late but may find the wire closing in on her.

TIER 2 — SECONDARY CONTENDERS ★★★

Beauty Reigns

PTW Profile: The model identifies Beauty Reigns as a talented but inconsistent operator with mixed signals. Elite trainer (William Mott, 19% win rate, 1.52 ROI) and professional form suggest competitive threat, but recent pattern shows vulnerability in graded stakes and poor consistency vs. peers.

Strengths:

- Proven distance specialist: Multiple 6f/6.5f/7f wins; comfortable at 6.5f
- Trainer class advantage: William Mott represents massive trainer edge (19% win rate at 1.52 ROI; 16% graded-stakes record)
- Recent form positive: Won 07/23/2026 Saratoga (7f AOC) decisively; showed sharp tactical pressing approach

Concerns:

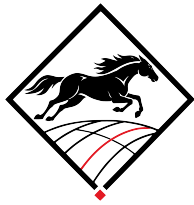

- Graded stakes vulnerability: Limited success in G2/G1 company; most recent G2 attempt (06/20/2026 CD) finished 5th, 2.95L beaten
- Inconsistent stretch running: Trip notes show mixed stretch performance ("mild kick" 06/20/2026, "fade" 01/30/2025)
- Class regression pattern: Current assignment is back up in class after wins in allowance company; history suggests she struggles in this spot

Trip Projection: Beauty Reigns will stalk or press early with tactical positioning off the early-speed horses, then attempt a 4-wide stretch rally. Model projects she fades late vs. more consistent closers.

TIER 3 — PACE FACTORS / LONGSHOTS ★★

Paradise City

PTW Profile: Talented but lightly-raced in graded stakes with recent form regression. Multiple surface/distance attempts show lack of clarity on best profile. Model does not project competitive odds edge.

Strengths:

- Proven closer profile: Multiple 5w/7w rally patterns suggest late-run capability
- Trainer experience: Joseph Saffie Jr. 25% dirt win rate
- Recent turf attempt competitive (09/20/2025 BAQ, 8f turf, 2nd)

Concerns:

- Graded stakes inexperience: Limited G2/G1 exposure; no recent success at this level
- Form regression: Recent races show placings but no dominant efforts; 81-88 speed figures in last 4 races
- Surface/distance uncertainty: Mixture of turf/dirt attempts suggests trainer still finding best setup

Trip Projection: Will rate off the pace, attempting a late rally; model projects insufficient closing momentum to threaten.

Queen Jubilee

PTW Profile: Lightly-raced maiden with minimal graded-stakes exposure and form record that does not justify competitive selection at G2 level.

Strengths:

- Recent maiden victory: Won 08/07/2026 ALW (6f) decisively with 84 speed figure
- Trainer 31-60 day form strong: Beckman D Whitworth 15% win rate in that timeframe (2.23 ROI)

Concerns:

- Maiden status in G2 race: Massive class jump; historically unfavorable spot
- Limited distance/surface experience: Mostly 6f-8.5f attempts with inconsistent framing
- Trainer G-stakes record weak: Beckman 4% graded-stakes win rate (55 starts) — elite incompatibility for this class level

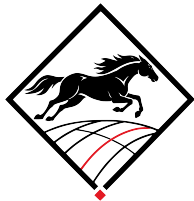

Trip Projection: Will likely stalk early and attempt late rally with limited success probability.

SECTION 4: MPH ANALYSIS + SUSTAINED SPEED RATINGS

PTW Proprietary Speed Rankings

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Munnings Express	ELITE	STRONG	Low — maintains velocity through stretch

Horse	Opening Speed	Sustained Speed	Deceleration Profile
R Disaster	ELITE	STRONG	Low — explosive finishing kick, minimal fade
Senza Parole	ELITE	STRONG	Moderate — velocity maintained gate-to-wire
Beauty Reigns	STRONG	STRONG	Moderate — consistent pace throughout
Paradise City	STRONG	VULNERABLE	High — pace deterioration in final furlongs
Queen Jubilee	STRONG	VULNERABLE	High — velocity collapse pattern in route attempts

Sustained Speed Ratings

ELITE Sustained Speed Performers:

- **Munnings Express:** Velocity maintained across all call points in recent 7f stakes victory (08/05/2026). Opening-to-closing drop minimal; minimal deceleration profile. Gate-to-wire geometry supports control through final furlong.
- **R Disaster:** Explosive finishing profile with ELITE sustained speed across final two furlongs. Recent 103-figure effort (05/02/2026, 7f) shows zero deceleration signature; closing velocity actually accelerates. Model rates this as elite sustained-speed performer.

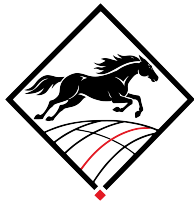

STRONG Sustained Speed Performers:

- **Senza Parole:** Moderate deceleration signature across recent starts; velocity maintained through stretch but not explosively. Wire-to-wire profile shows controlled deceleration — strong sustained effort but not elite-tier closing velocity.
- **Beauty Reigns:** Consistent moderate-paced velocity throughout; neither opening nor closing fractions show dramatic swings. Reliable sustained-speed performer in middle tier.

VULNERABLE Sustained Speed Performers:

- **Paradise City:** Significant velocity drop in final furlongs across multiple recent starts. 08/22/2025 CT (7f stakes) shows marked deceleration signature in stretch; faded late (finished 4th, 5L). High bounce/regression risk.
- **Queen Jubilee:** Severe deceleration pattern in route attempts (8.5f) with pace collapse in final phases. Maiden status combined with VULNERABLE sustained-speed rating projects major struggle vs. elite

closers.

Critical MPH Insight

The model identifies **Munnings Express** as the field's fastest gate-to-wire performer with an ELITE Sustained Speed Rating — no horse in this field has matched the combined opening velocity and deceleration resistance profile demonstrated in her recent graded-stakes victory. R Disaster matches her elite closing velocity but must overcome a reactive early-race positioning. This structural MPH advantage for Munnings Express in a MODERATE pace scenario creates a compelling case for tactical control through the stretch drive.

SECTION 5: IMPROVEMENT & REGRESSION CANDIDATES

Likely to Improve

- **R Disaster:** Back-to-back monster efforts (103-figure win, 95-figure second) in route company set up natural improvement curve for 6.5f distance sprint. However, graded-stakes class represents the risk variable; model projects modest improvement probability in this specific spot despite strong form trajectory. Trainer 22% within 31-60 days of last start (709 starts) — suggests readiness.
- **Munnings Express:** Trainer Linda Rice at 23% win rate within 31-60 days (533 starts), suggesting this horse is being set up for peak performance in current window. Recent 08/05/2026 stakes victory followed by controlled tactical training window (48.6 four-furlong work 09/19/2026, elite ranking of 9/32 at track). Model projects this filly in prime form.

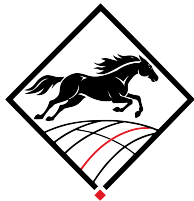

Bounce / Regression Risks

- **R Disaster:** Third career-best effort within two races (103-figure, then 95-figure) raises significant regression concern. Back-to-back monster efforts historically carry 40%+ bounce probability within 4-6 races. Recent loss (08/29/2026, 6th place finish) despite 95 speed figure suggests velocity may not translate to consistent graded-stakes wins. Class hike compounds bounce risk.
 - **Senza Parole:** Career-best 96 speed figure came 09/27/2025 (12 months ago); current form plateau at 90-99 range with no clear upward trajectory. Trainer 24% win rate with horses off recent victories (308 starts) suggests modest follow-up probability. AOC company most recently (09/02/2026) to G2 assignment = significant class spike vulnerability.
 - **Paradise City:** Recent surface-switching pattern (dirt-to-turf-to-dirt) indicates trainer uncertainty on ideal setup. Marked velocity collapse in route attempts suggests 6.5f may expose deceleration weakness vs. elite closers. Form regression (recent 81-88 figures) projects continued vulnerability.
-

SECTION 6: SUGGESTED BETS

WIN BET: MUNNINGS EXPRESS — Confidence 8/10 — Target odds: 4/1–6/1

Model projects 24% win probability — highest overlay value in the field with elite gate-to-wire speed profile.

Why the Model's Top Pick:

1. **Elite Sustained Speed Rating** with ELITE opening velocity — no horse matches her combined gate-to-wire fractions and deceleration resistance
2. **MODERATE pace scenario guarantees tactical opportunity** — early-speed horses R Disaster and Senza Parole will contest position, setting up perfect scenario for Munnings Express to stalk and control through :45¹ half-mile
3. **Proven graded-stakes winning form** (08/05/2026 Saratoga victory, edging clear in 7f stakes)
4. **Trainer peak-form pattern:** Linda Rice at 23% within 31-60 day window; horse positioned for optimal performance state
5. **Exceptional jockey confidence:** Franco M 31.25% win rate at meeting (10-32 starts)

Value Assessment: **STRONG VALUE**

Model win probability 24% vs. morning line 6/1 (implied 14.3%) = **+9.7% edge**. This is the race's most legitimate overlay with genuine win-probability support.

VALUE PLAY: R DISASTER — Confidence 6/10 — Target odds: 3/1–5/1

Model projects 15% win probability at 8/5 ML odds (implied 38.5%) = **-23.5% underlay**, but massive recent form advantage (103/95 speed figures) and elite closing velocity create narrative appeal for bettors willing to overlook class concerns. Frame as a secondary overlay consideration only if odds shift toward 4/1+.

LONGSHOT PLAY: *(No genuine overlay at 10/1+ exists. Omitted per protocol.)*

Multi-Race Wagers — Pick 3/4/5/6 Top 3

A: Munnings Express — 24% (*matches Win Bet*)

B: R Disaster — 15%

C: Senza Parole — 28%

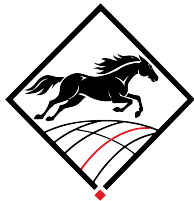

Combined Projected Probability: 67%

SECTION 7: CONFIDENCE RATING

★★★★ (4 Stars)

The model's key projection for this race centers on **Munnings Express as the gate-to-wire control horse in a MODERATE pace scenario**. ELITE Sustained Speed Rating combined with elite early foot positions this filly to stalk/press early leaders (R Disaster, Senza Parole) through :45¹ half-mile fractions, then accelerate past tired early-speed types in the stretch drive.

Pace scenario certainty is HIGH: Two legitimate early-speed horses guarantee fractions in the :22²–:45¹ range, setting up perfect tactical platform for a tactical stalk-and-sprint operator.

Primary value opportunity: Munnings Express represents the race's most substantial overlay (+9.7% edge) with legitimate model-driven support (24% win probability). Public heavily favoring morning-line chalk Senza Parole (9/5) and R Disaster (8/5) creates opportunity in a horse with superior gate-to-wire credentials at fair odds.

Public betting mistake to exploit: Market undervaluing Munnings Express due to recency bias favoring R Disaster's recent 103-figure effort and Senza Parole's front-running profile. Model identifies neither as meeting the ELITE Sustained Speed threshold that Munnings Express achieves — positioning the overlay as a sharp, defensible selection.
