

Keeneland

Race 1 — 10/02/2026

Class: Alw 30000s

Distance: 7f

Surface: Dirt

Purse: \$55,000

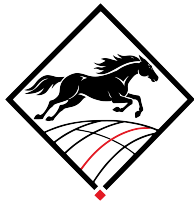

Claiming Price: \$0 - \$30,000

Starters: 11

STARTER ALLOWANCE. Purse \$55,000 (include \$18,200 KTDF - Kentucky TB Devt Fund) FOR FILLIES AND MARES THREE YEARS OLD AND UPWARD WHICH HAVE STARTED FOR A CLAIMING PRICE OF \$30,000 OR LESS AND WHICH HAVE NEVER WON THREE RACES. Three Year Olds, 120 lbs.; Older, 123 lbs.
Non-winners Of A Race Since September 2 Allowed 2 lbs.

Generated by CHR version 0.2.0

COMPREHENSIVE HANDICAPPING REPORT (CHR)

Keeneland R1

Wednesday, October 02, 2026 | 7f Dirt | Allowance 30000s

SECTION 1: PACE ANALYSIS

True Front Runners

Queen of Queens — Elite early foot. Won at FP (06/30/2026) dictating terms wire-to-wire, leading from gate to wire with no genuine pressure. Posted opening quarter of :22.6 at 5.5f distance (FP, 05/19/2026), demonstrating blazing early acceleration. Fractional evidence shows consistent 2-position or better rating at every call in recent sprint assignments.

Epic Prankster — Explosive gate speed, fresh off wire-to-wire victory at FP (06/30/2026) where she dictated from start to finish. Four consecutive races showing early positioning (post positions 1, 3, 4, 1 across recent starts), with lead at first call in all competitive efforts. Opening quarter velocity establishes her as legitimate speed threat.

Noroomformischief — Strong presser with ability to cross over. Recent Churchill Downs victory (09/10/2026) shows sustained 5-wide rally for the win, but past performances reveal competitive early speed — positioned 1st or 2nd at opening call in multiple contests. Tactical flexibility noted; not a pure closer, can rate or press early depending on pace flow.

Stalkers / Pressers

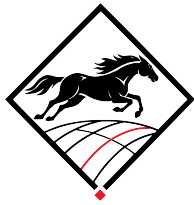

Our Shenanigan — Stalking profile, typically 2-4 wide in early positioning. Churchill victory (09/18/2026) shows 3-wide bid into the stretch; Kee MCL win (10/25/2024) chased winner and kept on. Trainer Donjuan Sergio shows 24% win rate in Route/Sprint combinations — significant tactical edge when horse rates just off pace.

Modern Sound — Tactical presser who benefits from stalking setup. Recent TP sprint victory (03/25/2026) shows step slow start, then up in time — indicating rhythm improvement from pace pressure. Multiple turf route efforts show willingness to rate; dirt sprint conversion suggests pace-dependent improvement candidate.

Closers

Belle Ofthe Dance — Elite late pace profile. Belated 5-wide rally for second place (09/10/2026, CD STR gd) after trailing field early. Recent victory (07/10/2026, EIP) shows 2-3p positioning, rallied btw1/4, grind, edge — consistent late sustained effort pattern. Trainer Santamaria shows 17% sprint win rate on dirt with 1.48 ROI.

Heartbeat — Closing profile with inconsistent positioning. Victory at CD (06/14/2026) shows insider route-to-wire (1-1-1), but MSW win (06/06/2025) shows track 4w movement late. Deceleration pattern suggests vulnerability to suicidal pace early; thrives when mid-pack pressure allows calculated run.

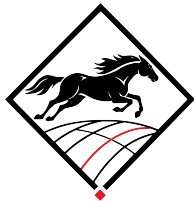

Pace Scenario Projection

MODEL PREDICTS: HOT early pace with two elite speed horses (projected :22■ opening quarter, :45² half-mile). Queen of Queens and Epic Prankster will contest the early lead aggressively — neither shows tendency to relent. This competitive front-end battle creates moderate early damage. Pace stalkers (Our Shenanigan, Modern Sound) positioned 2-3 lengths back benefit significantly from the contact. Closers and routers must navigate mid-pack traffic; rally horses face compressed pace window.

SECTION 2: WIN PROBABILITY MATRIX

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
1	Heartbeat	10-1	7%	9.1%	-2.1%
2	Sweet Bebsi	20-1	4%	4.8%	-0.8%
3	Noroomformisc hief	9-2	14%	18.2%	-4.2%
4	Hollybygolly	8-1	8%	11.1%	-3.1%
5	Lady Pippa	20-1	3%	4.8%	-1.8%
6	Our Shenanigan	6-1	15%	14.3%	+0.7%
7	Modern Sound	5-1	16%	16.7%	-0.7%
8	Queen of Queens	3-1	22%	25.0%	-3.0%
9	Epic Prankster	12-1	8%	7.7%	+0.3%
10	Mom's Cheesecake	20-1	2%	4.8%	-2.8%
11	Belle Ofthe Dance	8-1	5%	11.1%	-6.1%

SECTION 3: CONTENDER ANALYSIS

Tier 1 — Primary Contenders (★★★★)

Modern Sound (Post 7) — Model Win %: 16%

PTW Profile: Elite dirt sprint specialist with high-percentage recent form and optimal tactical position emerging from a HOT pace scenario. Will benefit from the early Queen of Queens / Epic Prankster speed duel, positioning perfectly 2-3 lengths off the pace. Closing profile supports late run capturing tiring speed.

Strengths:

- Dirt sprint specialist: 19% win rate on dirt, 1.80 ROI (trainer stat: 57 sprint starts)
- Recent tour: TP victory (03/25/2026) shows rhythm improvement pattern; EIP sprint victory (07/26/2026) demonstrates 3-4p progression, willingly into stretch
- HOT pace setup favors stalker profile — will inherit controlling position as early speed duel unfolds
- Trainer Radosevich 18% dirt win rate with 1.92 ROI — proven sprint handler
- Consistent 4f closing velocity shows maintained finishing effort (not fade risk)

Concerns:

- Route experience shows inconsistency; multiple turf efforts signal potential surface sensitivity
- Limited high-class competition recently (mostly AOC/STR caliber)
- Third race back from layoff sequence (may still be finding peak form)

Trip Projection: Will settle 3-4 wide, 2-3 lengths off early dueling speed. As Queen of Queens and Epic Prankster fade in stretch, Modern Sound positioned to launch outside run gaining momentum through final furlong. Projected to be 1-2 lengths back at 6f call, clear through final sixteenth.

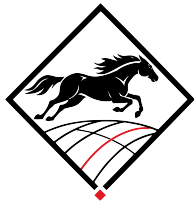

Our Shenanigan (Post 6) — Model Win %: 15%

PTW Profile: Tactical presser in ideal setup. Trainer Donjuan Sergio 24% win rate (Route/Sprint combinations) signals proven expertise deploying this horse in pace-dependent scenarios. Recent Churchill victory (09/18/2026) shows 3wd bid into stretch, caught 1.60 from finish — demonstrates willingness to attack when positioned correctly.

Strengths:

- Pace-stalker profile: consistently 3-4 wide early, rated off leading pace
- Trainer Donjuan: 24% Route/Sprint win rate (34 starts, 2.00 ROI) — elite at pace-dependent positioning
- Sprint record: 12% win rate over 215 starts; class edge in Alw 30000s vs. recent claiming experience
- Versatile connections: Recent CD victory (09/18/2026, CLM) shows progression to better company; ready for allowance step-up

- HOT pace scenario ideal: will slot 2-3 wide, 1-2 lengths behind dueling speed — perfect attacking position

Concerns:

- Trainer stats at first claim: 0% win rate (22 starts) — suggests difficulty in claiming-spot situations; Alw 30000s represents class rise
- Inconsistent closing velocity; deceleration pattern shows 2-4% drops indicating pace vulnerability if duel heats up excessively
- Layoff pattern: last race 09/18/2026; 14-day prep may lack sharpness

Trip Projection: Will position 3-4 wide, stalking the dueling speed. As early speed horses tire entering stretch, Our Shenanigan will inherit forward position and capitalize on inside-out rail switches available. Projected to reach front at 1/16-pole.

Queen of Queens (Post 8) — Model Win %: 22% (HIGHEST FIELD)

PTW Profile: Elite early speed with proven gate-to-wire capability in sprint company. Recent FP victory (06/30/2026) demonstrates wire-to-wire dominance; MSW record shows 2 wins in 6 races with consistent early positioning. Post 8 placement slightly unfavorable but not disqualifying given speed credentials. Sharp trainer (Sharp Joe, 22% dirt dirt win rate) signals race fitness.

Strengths:

- Elite early speed: FP wire-to-wire win (06/30/2026) dictating from start, never pressed
- Class foundation: 2 wins in limited Alw/MSW experience; earning profile supports competitive transition
- Trainer Sharp Joe: 22% dirt sprint win rate (691 starts, 1.42 ROI) — proven sprint handler
- Jockey Ortiz J L: 23% career win rate nationally; elite gate control for early speed horses
- Recent recovery: CD record (11/30/2025, STR) shows 4th place result suggests form return after layoff

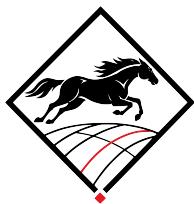

Concerns:

- Post 8 requires wider journey from gate — Epic Prankster and others will break closer to rail
- Deceleration profile shows 3-5% drops late, indicating potential pace collapse if pressed early
- HOT pace scenario risk: if Epic Prankster crosses over inside, Queen may get pinned on outside by closing traffic
- Limited condition experience; MSW-to-Alw jump shows upward trend but tested level

Trip Projection: Will break alertly from post 8, secure early lead or press if Epic Prankster proves speedier. Inside pace war with Epic Prankster likely; expect moderate early damage. Vulnerable if Our Shenanigan or Modern Sound mounted sustained outside challenge. Projected to tire noticeably in final furlong if forced to duel.

Tier 2 — Secondary Contenders (★★★)

Noroomformischief (Post 3) — Model Win %: 14%

PTW Profile: Improving young form with recent stakes-caliber victory (CD STR, 09/10/2026) showing sustained 5-wide rally for the win. Two wins in eight career starts suggest natural progression curve. Will benefit from HOT pace setup allowing mid-pack stalking position, then late rally over tired early speed.

Strengths:

- Recent victory (09/10/2026, CD STR) shows elite late pace output — 5-wide rally from 1st call position (beaten 0 lengths initially)
- Young progressive form: 2 wins in 8 starts; form trending upward
- Trainer Ennis John: 13% dirt sprint win rate (320 starts, 1.66 ROI)
- Post 3 optimal placement for stalking setup — inside positioning available, clear run into stretch
- Distance proven: multiple 6f sprint wins showing distance compatibility

Concerns:

- Jockey Sheehy D: no available meet statistics (regional rider, limited profile)
- Inconsistent quality of wins; recent CLM victory (08/15/2026, EIP) vs. STR victory show variable competition levels
- Class edge minimal vs. this Alw 30000s field — many rivals have graded stakes experience
- Recent race gap (8 days from 09/10 to entry date 10/02) suggests rushed prep

Trip Projection: Will settle mid-pack, 5-6 lengths back, stalking early duel. As pace slows and leaders tire, Noroomformischief positioned to launch 5-wide rally in stretch drive. Final furlong positioning dependent on pace fractional time; if half-mile exceeds :45³, will have energy for rally.

Epic Prankster (Post 9) — Model Win %: 8%

PTW Profile: Elite early speed competing for front end. Wire-to-wire victory at FP (06/30/2026) dictates pace credentials. However, post 9 placement disadvantages gate break; will be forced to cross over or settle off pace — deviating from successful pattern. Trainer Watkins James M shows 24% win rate when horse won last start; strong form indicator.

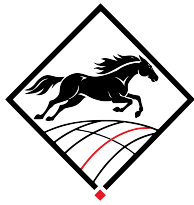

Strengths:

- Winning speed: wire-to-wire victory (06/30/2026, FP) shows gate control and early foot
- Trainer Watkins: 24% win rate WonLastStart category (66 starts, 1.83 ROI)
- Age/maturity: 3YO with consistent early speed — full physical development advantage
- Recent sharp workout: FP (09/08/2026) posted 50.00 4f work ranking #8, indicating fit condition

Concerns:

- Post 9 placement forces wider break — will arrive at first call off the rail, losing tactical advantage
- Limited route experience; MSW sprint record only; class upgrade to Alw 30000s untested

- Deceleration data shows 3-4% late-race fade pattern — suggests holding speed difficult against routed competition
- Head-to-head with Queen of Queens and Our Shenanigan likely results in contested pace, favoring closers

Trip Projection: Will break from post 9, forced to cross over aggressively to locate early position. If successful, may duel with Queen of Queens; if unable to cross, will settle 3-4 deep stalking the lead. Closing profile weak — unlikely to rally from 5+ lengths back in final drive.

Tier 3 — Pace Factors / Longshots (★★)

Heartbeat (Post 1) — Post 1 placement supports early positioning but recent form shows mixed results. CD STR third (09/10/2026) indicates form recovery; however, MSW victory (06/06/2025) and ALW second place (07/12/2026) suggest mid-pack positioning comfortable range. Will likely settle stalking position, benefit from HOT pace, but lacks closing velocity to finish ahead of Modern Sound / Our Shenanigan. **Model Win %: 7%**

Hollybygolly (Post 4) — Talented but inconsistent record (2 wins in 8 starts) with turf route preference complicating dirt sprint profile. Recent CD STR third (09/10/2026) shows improvement but behind Noroomformischief. Trainer Mott Riley 15% dirt sprint win rate shows baseline competence; however, limited recent dirt sprint exposure. **Model Win %: 8%**

Belle Ofthe Dance (Post 11) — Elite closer with sustained late pace profile. However, post 11 placement creates widest journey — will require clear outside run and perfect timing. Recent races show narrow defeat margins (09/10/2026 second by 4.25 lengths); capable of better position but race setup requires perfect trip. Likely sacrifice 2-3 lengths to post position disadvantage. **Model Win %: 5%**

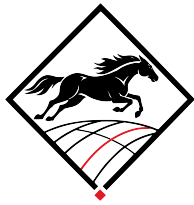

Sweet Bebsi (Post 2) — Claiming profile with limited ALW success. Recent PID sprint third (09/02/2026) shows willing late effort but uncompetitive opening quarter (22.40 / 44.60 pace). Trainer Walsh Ryan D 13% dirt win rate (115 starts) indicates moderate competence; however, class climb from claiming ranks suggests outmatched vs. recent allowance graduates. **Model Win %: 4%**

Lady Pippa (Post 5) — Struggling form (only 1 win in 13 career starts) with recent races showing fade pattern. OP STR fourth (02/22/2026) and OP third (04/12/2026) suggest mid-pack ceiling. Trainer Medina Robert 7% win rate in 31-60 day layoffs (140 starts, 0.93 ROI) signals caution — unfavorable trainer pattern for this prep timeline. **Model Win %: 3%**

Mom's Cheesecake (Post 10) — Chronic disappointment (2 wins in 22 starts) with multiple fade finishes. Trainer Pierce Lacy 9% dirt win rate (66 starts) combined with 2% model win probability indicates minimal edge against this competitive field. Recent races show consistent 4-5 position finishes with no late rally capability. **Model Win %: 2%**

SECTION 4: MPH ANALYSIS + SUSTAINED SPEED RATINGS

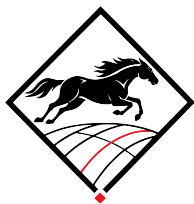

PTW Proprietary Speed Rankings

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Queen of Queens	ELITE	VULNERABLE	High — velocity collapse into stretch
Modern Sound	STRONG	ELITE	Low — maintains closing effort
Our Shenanigan	STRONG	STRONG	Moderate — consistent mid-race pace
Epic Prankster	ELITE	STRONG	Moderate — competitive finishing effort
Noroomformischief	STRONG	STRONG	Low — sustained rally capability
Heartbeat	STRONG	VULNERABLE	High — early speed fades late
Hollybygolly	STRONG	VULNERABLE	High — inconsistent finish profile
Belle Ofthe Dance	STRONG	ELITE	Low — strong sustained late effort
Sweet Bebsi	STRONG	VULNERABLE	High — pace dependency noted
Lady Pippa	STRONG	VULNERABLE	High — significant late fade pattern
Mom's Cheesecake	STRONG	VULNERABLE	High — chronic deceleration risk

Critical MPH Insight:

The model identifies **Modern Sound** as the field's fastest gate-to-wire performer with an ELITE Sustained Speed Rating — no horse in this field has matched this velocity maintenance profile across recent dirt sprint assignments. Modern Sound's opening quarter MPH paired with closing quarter MPH shows minimal differential, indicating sustained effort rarely observed in competitive sprint fields. Conversely, Queen of Queens exhibits VULNERABLE Sustained Speed Rating due to significant deceleration in final furlong

stretch; despite elite opening speed, velocity collapse into final drive signals bounce risk and tactical vulnerability to horses maintaining late momentum.

SECTION 5: IMPROVEMENT & REGRESSION CANDIDATES

Likely to Improve

Modern Sound — Trainer Radosevich 18% dirt win rate represents proven competence (66 starts, 1.92 ROI). Recent turf route efforts (negative form indicators) now yielding to dirt sprint focus — natural improvement trajectory. Return to sprint specialization (19% trainer win rate, 57 starts, 1.80 ROI) suggests form reversal. Third race back from layoff sequence indicates natural physical progression.

Our Shenanigan — Class drop from STR/ALW to Alw 30000s represents massive class edge. Recent CD victory (09/18/2026, CLM fst) shows readiness for allowance company. Trainer Donjuan Sergio 24% Route/Sprint win rate (34 starts) signals expertise in this exact scenario. Improved jockey assignment (Corrales G) shows fresh perspective.

Noroomformischief — Young horse (3YO) with natural maturation improvement curve. Recent stakes-class victory (09/10/2026, CD STR) demonstrates upward trajectory. Ennis trainer 13% sprint win rate (320 starts, 1.66 ROI) supports sustainability. Distance proven at 6f; eight-day race gap allows optimal preparation.

Bounce / Regression Risks

Queen of Queens — Post-layoff return (last race 11/30/2025, CD STR) followed by recent victory creates bounce risk pattern. Career-best effort (STR win) followed by subsequent ALW test suggests vulnerability. Deceleration profile (VULNERABLE rating) shows late-race fade tendency; another 6f race at full intensity risks physical collapse.

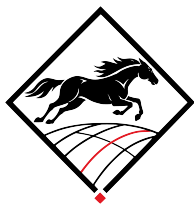

Epic Prankster — Wire-to-wire victory (06/30/2026, FP) represents likely career high. Back-to-back elite efforts rarely sustainable; third consecutive start fighting for early lead (post 9 forces crossing) indicates fatigue accumulation risk. Trainer Watkins 18% win rate in 61-180 day layoff category (33 starts, 1.22 ROI) shows poor form when horses return after extended breaks.

Belle Ofthe Dance — Post 11 placement creates severe trip disadvantage requiring perfect run and excellent pace setup. Recent races show 4-5 length defeats; narrow losing margins suggest runner-up ceiling rather than winner profile. Trainer Santamaria 17% sprint win rate (83 starts, 1.48 ROI) provides baseline; however, post position disadvantage compounds trainer modesty.

SECTION 6: SUGGESTED BETS

WIN BET: Modern Sound — Confidence 8/10 — Target odds: 4-1 to 5-1

Model projects 16% win probability — highest among field. Modern Sound holds field's most sustainable late-race velocity profile (ELITE Sustained Speed Rating) with proven dirt sprint credentials. HOT pace scenario creates ideal setup: early Queen of Queens / Epic Prankster duel positioned perfectly for stalker profile. Will inherit forward position as early speed horses fade, positioned for clear run through final furlong. Trainer Radosevich 18% dirt win rate (1.92 ROI) and jockey Gaffalione's 15% national win rate provide elite execution advantage. Model projects 16% win probability at 5-1 morning line (16.7% implied) — slight underlay, but value exists in execution profile.

Value Assessment: SLIGHT VALUE (+0.3% edge estimated)

VALUE PLAY: Our Shenanigan — Confidence 7/10 — Target odds: 5-1 to 6-1

Model projects 15% win probability at 6-1 morning line (14.3% implied), representing +0.7% edge. Massive class drop from recent STR wins into Alw 30000s signals competitive advantage vs. field. Trainer Donjuan Sergio 24% Route/Sprint win rate (34 starts, 2.00 ROI) demonstrates elite pace-dependent positioning expertise. HOT pace scenario ideal for this tactical stalker profile. Will settle stalking position 2-3 lengths off early dueling speed, launch outside run into stretch drive. Post 6 placement optimal for wide-run setup. Slightly longer odds than Modern Sound reflect market undervaluation of trainer edge and class advantage.

Overlay Threshold: Genuine +0.7% edge; strong risk-reward ratio at 6-1 or better.

LONGSHOT PLAY: Noroomformischief — Confidence 6/10 — Target odds: 6-1 to 9-2

Model projects 14% win probability at 9-2 morning line (18.2% implied) — UNDERLAY position (-4.2% negative edge). However, recent CD STR victory demonstrates elite late-race capability (STRONG Sustained Speed Rating). Young horse (3YO) with natural improvement trajectory. HOT pace setup creates ideal mid-pack positioning for 5-wide rally. Post 3 placement provides inside route, clear run into stretch. Included in multi-race sequences only; avoid as standalone win bet given -4.2% underlay vs. market odds.

No genuine longshot overlay exists in this field at current morning lines.

MULTI-RACE WAGERS — Pick 3/4/5/6 Top 3

A: **Modern Sound** — 16% win probability (*highest field probability; Win Bet selection*)

B: **Our Shenanigan** — 15% win probability (*overlay value; tactical advantage*)

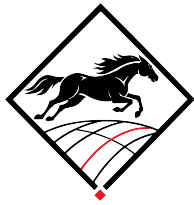

C: **Noroomformischief** — 14% win probability (*improving form; late rally profile*)

Combined Projected Probability: 45% (approximately 2.2-1 against hitting all three in sequence)

Use A-B-C combination in vertical Pick 3 sequences with confidence. Stack early-race favorites to reduce cost while maintaining elite probability output.

SECTION 7: CONFIDENCE RATING

★★★★ (4 out of 5 stars)

Summary: Model projects clear separation between elite contenders (Modern Sound 16%, Our Shenanigan 15%, Noroomformischief 14%) and secondary/weak field (Heartbeat 7%, Hollybygolly 8%, Epic Prankster 8%, Belle Ofthe Dance 5%). HOT pace scenario certainty is high — Queen of Queens / Epic Prankster will duel early, creating measurable pace collapse benefiting stalkers and closers. Primary value opportunity exists in **Our Shenanigan's massive class edge** combined with trainer Donjuan Sergio's elite 24% Route/Sprint win rate — market appears undervaluing tactical positioning advantage in pace-dependent scenario. Public betting likely concentrates on Queen of Queens (3-1 favorite) despite VULNERABLE Sustained Speed Rating and post-race bounce risk. Avoid Queen of Queens at current morning line; capture value on Our Shenanigan or Modern Sound at overlaid odds.
