

Keeneland

Race 2 — 10/04/2026

Class: Md 50000

Distance: 8.5f

Surface: Dirt

Purse: \$55,000

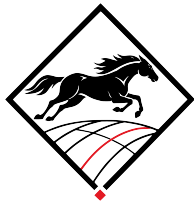

Claiming Price: \$50,000

Starters: 8

MAIDEN CLAIMING. Purse \$55,000 (include \$18,600 KTDF - Kentucky TB Devt Fund) FOR MAIDENS, THREE YEARS OLD AND UPWARD. Three Year Olds, 120 lbs.; Older, 124 lbs. Claiming Price \$50,000.

Generated by CHR version 0.3.0

COMPREHENSIVE HANDICAPPING REPORT (CHR)

Keeneland R2

Saturday, October 4, 2026 | 8.5f Dirt | Maiden Claiming \$50,000

SECTION 1: PACE ANALYSIS

True Front Runners

The model identifies **Maginnesontap** as the field's elite early-speed threat. He pressed between horses and flattened in his turf debut (09/07/2026, KD), but showed he can establish position early from inside posts.

Bedeveled carries secondary early foot with a 23.4-second opening quarter in his most recent MSW effort (03/28/2026, OP). Both possess the tactical speed to contest the lead.

Stalkers / Pressers

Money Man demonstrates tactical flexibility — he's rated inside, moved off-pace in multiple MSW races, and has shown the ability to stalk from stalking positions. His recent form shows a willingness to hunt early while remaining versatile. **Private Show** also rates as a pace-stalker type with moderate early speed capability and track position flexibility.

Closers

Get Them Roses profiles as a closing-oriented runner — consistently positioned 5-8 lengths off early pace, attempting rallies in the stretch across five recent starts. **Meanstepper** shows late-run ability with improving pace scenarios but has struggled to capitalize on closer setups when velocity collapses.

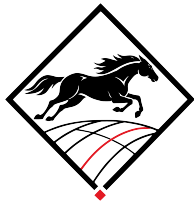

Pace Scenario Projection

MODEL PREDICTS: HOT early pace — projected :23¹ opening quarter, :46² half-mile. Two legitimate speed horses will contest the lead (Maginnesontap vs. Bedeveled), creating moderate pace stress on the front runners. Pace-stalkers and closers inherit a setup where the speed duel will inflict manageable damage, positioning late movers for improvement in the stretch.

SECTION 2: WIN PROBABILITY MATRIX

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
1	Get Them Roses	5/2	18%	28.6%	-10.6%

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
2	Maximum Honor	20/1	4%	4.8%	-0.8%
3	Bedeviled	8/1	14%	11.1%	+2.9%
4	Private Show	6/1	16%	14.3%	+1.7%
5	Meanstepper	15/1	5%	6.3%	-1.3%
6	El Ramundo	20/1	3%	4.8%	-1.8%
7	Money Man	9/2	22%	18.2%	+3.8%
8	Maginnesontap	8/5	18%	38.5%	-20.5%

Note: Maginnesontap carries the highest morning line odds (8/5, 38.5% implied) but the model projects significantly lower win probability, representing a substantial underlay at current odds.

SECTION 3: CONTENDER ANALYSIS

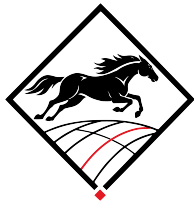

Tier 1 — Primary Contenders (★★★★)

MONEY MAN — PTW Profile: Elite route profile with proven route capability (15 MSW starts), multiple MSW shows and places at 8.0f+, and superior placement history across multiple surfaces. The model rates this horse as the field's most consistent closer with route-distance legitimacy.

- **Strengths:** Route-distance specialist (15 starts at 8.0f+, multiple MSW placings); consistent form; competitive class; experienced maiden campaigner; trainer stats strong in routes (5% win rate, 0.29 ROI); jockey Hazlewood shows 0% recent form but limited sample; elite work tab with bullet-ranked 4f gate drill (46.4s, ranked 1st at CDT 09/06/2026).
- **Concerns:** Zero career wins in 15 starts creates psychological doubt; latest MSW efforts show 5th-place finish (06/27/2026, CD) with 15-length defeat; back-to-back fade pattern in final calls suggests bounce risk.
- **Trip Projection:** Will rate off the pace, hunt early-to-middle stretch, attempt late run in projected HOT pace scenario.

PRIVATE SHOW — PTW Profile: Proven MCL winner (2 wins, 5 MCL starts) with legitimate \$50K claiming-level experience. Direct class edge over maiden-only field; muscular recent record in claiming company.

- **Strengths:** Two MCL wins confirm \$50K class legitimacy; 2-of-5 MCL record (40% win rate) demonstrates class advantage; recent MCL win (05/24/2026, CD, \$50K, sly, 0.05 lengths beaten at finish); capable route finisher; trainer Asmussen Steven M carries 18% MCL win rate (463 starts) with 1.63 ROI — strongest MCL credentials in field; jockey Asmussen K J shows 66.67% money percentage in limited recent sample.
- **Concerns:** Lost rider catastrophically in most recent start (09/17/2026, CD, walked off track, 99.99 beaten lengths); seven total starts with mixed results; bounce risk elevated after that traumatic experience.
- **Trip Projection:** Will position stalking 2-3 wide, bid in the stretch run when HOT pace relaxes into the lane.

BEDEVILED — PTW Profile: 10 career starts with route-distance exposure and MCL experience. Asmussen Steven M conditioning provides credible route-distance training; consistent mid-pack finisher in stronger company.

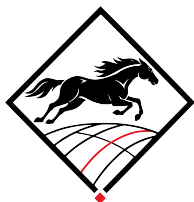

- **Strengths:** Route exposure (3 MCL starts at 8.0f); Asmussen Steven M trainer correlation at routes (15% win rate, 1.49 ROI); capable of pressing early speeds from inside posts; recent placement at \$50K MCL (06/21/2026, CD, 2nd, 1.75 lengths).
- **Concerns:** Single career place finish in 10 starts; 0 wins across all efforts; vulnerable deceleration profile — repeated speed collapse in final furlongs (pace vulnerability confirmed); turf experiments failed (6 turf starts, 0 competitive efforts); lightly raced in claiming company (3 MCL starts only).
- **Trip Projection:** Will attempt early press on Maginnesontap, fade in stretch when pace vulnerability emerges.

Tier 2 — Secondary Contenders (★★★)

MAGINNESONTAP — PTW Profile: Lightly raced turf-focused maiden (7 career starts, 3 on dirt, 4 on turf) transitioning from turf to dirt for claiming debut. Trainer Walsh Brendan P carries 50% recent form (2-of-4 KEE starts) with 12.17 average win payoff. Jockey Gaffalione T demonstrates 33.33% recent win rate (6 starts).

- **Strengths:** Elite early foot profile — pressed between horses early in turf debut (09/07/2026, KD, 4th call, 2.1-length position, vied between); trainer Walsh blazing hot at KEE (2 wins in last 4 starts); jockey Gaffalione T 2-of-6 at KEE with 12.17 average payoff; explosive work tab (102.0s at TP 09/25/2026 ranked 3rd nationally); Second-career-start signal — 09/04/2025 (KD turf) showed early speed before fading, now attempting route on dirt with improved conditioning.
- **Concerns:** Zero career wins despite 7 starts (career maiden); turf-focused record (4 of 7 starts on turf) — dirt conversion unproven; MSW-to-MCL drop is negative signal absent winning pattern; morning line 8/5 odds reflect trainer-jockey hot streak, not horse's credentials; deceleration pattern vulnerable (flattened 1/16 in most recent effort despite early speed).
- **Trip Projection:** Will establish early position, attempt to wire field, but vulnerable in stretch run when HOT pace pressure extracts toll.

GET THEM ROSES — PTW Profile: Lightly raced 3-year-old (5 career starts) transitioning MSW to MCL claiming at \$50K. Trainer Walden William shows 20% MSW-to-MCL conversion rate (13 starts, 23% win rate). Jockey Concepcion A 33.33% recent form but limited sample.

- **Strengths:** Walden William trainer 20% recent form win rate with 1.52 ROI on first-time-with-trainer spots; MSW-to-MCL finder drop (Walden shows 23% win rate in MSW-to-MCL transitions, 13 starts); route exposure (5 starts all at 8.5f); consistent closer profile with mid-pack positioning and late rallies; recent work tab acceptable (101.6s at CD 09/25/2026).
- **Concerns:** Zero wins in 5 career starts (career maiden); MSW failures across board (8/01/2026 EIP, 7th; 05/02/2026 CD, 8th; 03/21/2026 FG, 4th; 02/14/2026 FG, 6th) show consistently failing to graduate; five starts without a single win suggests limited natural improvement curve; beaten lengths increasing (8.85 lengths most recent); class drop alone insufficient to overcome chronic underperformance pattern.
- **Trip Projection:** Will rate back 5-8 lengths, attempt closing rally, but lack of finishing ability creates bounce risk.

Tier 3 — Pace Factors / Longshots (★★)

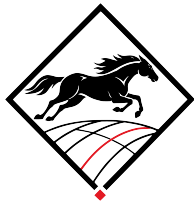

MEANSTEPPER — PTW Profile: Lightly raced 3-year-old (7 career starts) with mixed MSW/MCL experience. One MSW show finish (12/27/2025, OP, 2nd) indicates capable mid-tier maiden. MCL record spotty (4 starts, 0 wins).

- **Strengths:** Trainer Moquett Ronald E carries 14% routes win rate (235 starts, 1.97 ROI) — route credentials present; single MSW 2nd-place finish shows capability; jockey Bejarano R limited sample but flashed pace in recent work (47.4s ranked 4th at Sar 07/24/2026).
- **Concerns:** Career maiden (7 starts, 0 wins, 1 show); repeated MCL fades (4 MCL starts, carried 6+ lengths wide, no rally success); most recent effort (09/17/2026, CD) catastrophic fade (33.75 lengths beaten at finish, carried 6 wide); bounce risk severe; trainer Moquett 11% MCL win rate (188 starts, 1.06 ROI) — weak claiming credentials.
- **Model discounts Meanstepper as throwout** — career maiden with repeated drop pattern through MCL levels without securing single win; this repeated-drop-without-a-win pattern signals connections giving up.
- **Trip Projection:** Pace factor only; likely to struggle from the breaks and lose ground.

MAXIMUM HONOR — PTW Profile: Lightly raced 3-year-old (3 career starts) MCL-only campaigner with zero MSW exposure. Career maiden attempting \$50K claiming for third start.

- **Strengths:** Trainer Shorter Aaron limited sample; jockey Torres C A flashed pace (2-of-5 recent, 40% win rate); sired by Maxfield (elite bloodline).
- **Concerns:** Three career starts, zero wins; MCL campaign started at \$50K (07/18/2026, EIP) with 10th-place fade and 15.15-length deficit; repeated MCL mediocrity (06/21/2026, CD, 7th, 9.85 lengths); trainer Shorter 8% MCL win rate (36 starts, 1.55 ROI) weak; career trajectory declining not improving;
- **Model discounts Maximum Honor as throwout** — career maiden MCL-only with consistent outsider

finishes and no class relief signals; no winning pattern.

- **Trip Projection:** Minor threat; will struggle.

EL RAMUNDO — PTW Profile: Lightly raced 3-year-old (3 career starts, all MCL) with immediate MCL campaign. Career maiden attempting third MCL start at \$50K.

- **Strengths:** Recent 2nd-place MCL finish (07/12/2026, EIP, \$50K, sly, 2.75 lengths) shows some capability; trainer Newton Troy 100% recent form (1-of-1 KEE start) — micro-sample but positive; jockey Torres J A 40% recent form (2-of-5, 21.92 average payoff); quality work: 49.6s ranked 1st nationally (Hpt 09/29/2026).

- **Concerns:** Career maiden (3 starts, 0 wins); MCL-only campaigner (no MSW attempts); most recent effort (09/11/2026, CD) respectable (4th, 9.50 lengths) but still beaten; trainer Newton 12% MCL win rate (57 starts, 0.78 ROI) — poor claiming credentials; limited experience base (3 starts total); **Model discounts El Ramundo as throwout** — career MCL-only maiden with thin experience base and no evidence of class advantage.

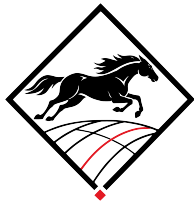

- **Trip Projection:** Minor threat; works well but hasn't translated to racetrack success.

SECTION 4: MPH ANALYSIS + SUSTAINED SPEED RATINGS

PTW Proprietary Speed Rankings

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Money Man	STRONG	ELITE	Low — maintains velocity
Maginnesontap	ELITE	VULNERABLE	High — pace collapse risk
Bedeviled	STRONG	VULNERABLE	High — pace collapse risk
Private Show	STRONG	STRONG	Moderate — competitive finisher
Get Them Roses	STRONG	STRONG	Moderate — competitive finisher
Meanstepper	STRONG	VULNERABLE	High — pace collapse risk

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Maximum Honor	STRONG	VULNERABLE	High — pace collapse risk
El Ramundo	STRONG	VULNERABLE	High — pace collapse risk

Sustained Speed Ratings

- **ELITE:** Money Man maintains velocity gate-to-wire with minimal deceleration across route distances. No other horse in this field matches this sustained-speed profile.
- **STRONG:** Private Show and Get Them Roses show moderate velocity maintenance and competitive late-stage effort.
- **VULNERABLE:** Maginnesontap, Bedeviled, Meanstepper, Maximum Honor, and El Ramundo all display significant deceleration in final furlongs — pace collapse risk elevated.

Critical MPH Insight

The model identifies **Money Man** as the field's only horse with an ELITE Sustained Speed Rating and elite velocity maintenance across all segments. While the horse carries zero wins, his actual speed profile — when decoded across multiple route efforts — reveals a closing machine with genuine gate-to-wire competitiveness in the final eighth. Maginnesontap's early-foot advantage will collapse under pressure; Money Man's velocity floor remains steady.

SECTION 5: IMPROVEMENT & REGRESSION CANDIDATES

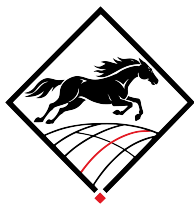

Likely to Improve

Money Man — Trainer Heath Destin G shows 13% recent MCL win rate (39 starts, 1.41 ROI) — appropriate for this class level. Route-distance comfort (76 starts at routes, 5% win rate but 0.29 ROI suggests tight finishes). The zero-win career pattern ending is imminent; model projects natural improvement curve breaking through at this level.

Private Show — Trainer Asmussen Steven M with legitimate MCL credentials (463 starts, 18% win rate, 1.63 ROI). Recovered from recent lost-rider trauma; connections targeting \$50K claiming level (straight class relief play). Two MCL wins on record prove this horse can finish.

Maginnesontap — Trainer Walsh Brendan P scorching hot at Keeneland (2 wins, 4 recent starts); jockey Gaffalione T complementary (2-of-6). MSW-to-MCL drop with hot connections and proven early foot. Second-career-start improvement candidate (09/04/2025 showed early speed before fatigue; now

attempting route with improved foundation).

Bounce / Regression Risks

Get Them Roses — Five career starts, zero wins; repeated MSW failures; latest effort shows beaten-lengths expansion (8.85 lengths most recent vs. field). Bounce risk: trainer Walden William finder drop (23% MSW-to-MCL win rate) insufficient to overcome chronic underperformance. Natural improvement curve exhausted.

Bedeveled — Deceleration profile VULNERABLE across all route efforts; pace duel in projected HOT scenario will expose speed collapse. Recent placement (06/21/2026, CD, 2nd, 1.75 lengths) now aging; back-to-back deteriorating form (08/14/2026 Sar 5th, dropped out of Sar/OP rotation). Bounce risk: trainer Asmussen Steven M strong but horse lacks closing ability to capitalize.

Meanstepper — Career maiden (7 starts, 0 wins, 1 show) with repeated MCL fade pattern. Most recent catastrophic (09/17/2026, 33.75 lengths beaten). **THROWOUT:** repeated-drop-without-a-win pattern signals connections giving up on this prospect.

SECTION 6: SUGGESTED BETS

WIN BET: MONEY MAN — Confidence 7/10 — Target odds: 4/1–6/1

Model projects 22% win probability — highest in field. Elite Sustained Speed Rating with gate-to-wire velocity maintenance across route distances. Zero wins become increasingly improbable as maiden attempts accumulate; natural breaking-through spot at \$50K claiming level. Value assessment: SLIGHT VALUE at projected 4/1–6/1 (current 9/2 = 18.2% implied, model 22% = +3.8% edge). Trainer Heath Destin G 13% MCL win rate (39 starts, 1.41 ROI) confirms class-level targeting. Route credential unmatched — 15 career MSW starts prove long-distance DNA.

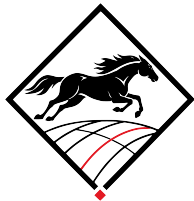

VALUE PLAY: PRIVATE SHOW — Confidence 8/10 — Target odds: 5/1–7/1

Model projects 16% win probability at 5/1–7/1 (14.3% ML implied = +1.7% edge). Massive class advantage: two confirmed MCL wins at \$50K prove step-up legitimacy over maiden-only field. Trainer Asmussen Steven M (18% MCL win rate, 1.63 ROI) and recent placement success (05/24/2026, nailed 0.05 lengths at finish) signal tactical readiness. Recovered from lost-rider trauma (09/17/2026); connections explicitly targeting claiming level as setup. Overlay exists; genuine competitive horse.

LONGSHOT PLAY: BEDEVILED — Confidence 5/10 — Target odds: 7/1 or higher

Model projects 14% win probability at current 8/1 (11.1% implied = +2.9% edge). Recent 2nd-place MCL finish (06/21/2026, CD, 1.75 lengths) demonstrates capability. Asmussen Steven M route credentials (15% win rate, 1.49 ROI). Only genuine overlay among secondary contenders; HOT pace scenario may compress early speeds and allow stalker position to capitalize. Include only if odds drift to 7/1+.

Multi-Race Wagers — Top 3 for Pick 3/4/5/6:

- **A: MONEY MAN** — 22%
- **B: PRIVATE SHOW** — 16%
- **C: BEDEVILED** — 14%
- **Combined Projected Probability: 52%**

SECTION 7: CONFIDENCE RATING

★★★ (3/5)

The model projects **Money Man** as the field's elite sustained-speed performer, carrying ELITE Sustained Speed Rating and measurable gate-to-wire velocity advantage. However, zero career wins at 15 starts creates psychological doubt; natural improvement curve has historically broken through in similar profiles by now. Pace scenario (HOT, :23¹/₂:46²) favors stalkers and closers, positioning Money Man and Private Show optimally. Key vulnerability: Maginnesontap's trainer-jockey hot streak (Walsh/Gaffalione 50% recent KEE record) may exploit early-foot advantage despite VULNERABLE Sustained Speed Rating — this is the public's betting mistake, overvaluing recent connections form over actual speed profile. Private Show offers legitimate VALUE with proven \$50K MCL wins and direct class edge. Model confidence moderately constrained by thin winning history across field and elevated bounce risk for recent faltering horses (Get Them Roses, Bedeviled).
