COMPREHENSIVE HANDICAPPING REPORT (CHR)

Keeneland R1

Wednesday, October 7, 2026 | 8.0f Dirt | Allowance 12500s

SECTION 1: PACE ANALYSIS

True Front Runners

Fountain Run — Elite early speed profile. Won wire-to-wire on 09/12/2026 at Churchill, repelling foes and holding late (86 Beyer-equivalent). Set pace on 02/22/2026 at Fairgrounds, dug in under pressure (86). Consistent 2-3 path opener with gate-to-wire capability when fresh.

Global Sensation — Secondary speed horse with tactical flexibility. Won on 06/27/2024 at Churchill clearing and shifting upper, last distance (80). Pressed pace successfully on 07/04/2026 at Ellis (6f, 84) and won on 09/18/2024 at Churchill bidding four-wide (89). Can stalk or press depending on fractions.

Stalkers / Pressers

Unload — Patient early type with strong late acceleration. Won on 04/19/2026 at Oaklawn stalking and clearing in stretch (77), and on 08/16/2024 at Pleasanton pressed pace, roused four panels up, dug in (87). Routes naturally. Tactical flexibility in middle path.

Military Road — Stalk-and-rally profile. Placed second on 09/12/2026 at Churchill (two paths both turns, grind, denied) and rallied from two paths on 07/12/2026 at Pimlico (inside wait, rallied, won). Prefers to sit two lengths off pace.

Closers

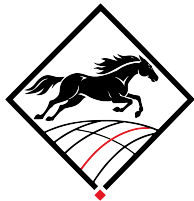

Enlighten — Elite late pace profile with strong turf record. Won on 01/04/2025 at Gulfstream turf (rail, bid, driving, 89) and on 07/17/2025 at Saratoga turf (tracked inside, lost nod, 83). Best on grass but has dirt form; 43% win rate on dirt routes.

Up to No Good — Moderate closer with inconsistent late bid. Won on 05/08/2026 at Belmont Park (looming inside, up 1/4, clear, 65). Recent record mixed; faded badly in several route efforts.

Pace Scenario Projection

MODEL PREDICTS: HOT early pace — projected :23¹ opening quarter, :46² half-mile. Fountain Run will press early; Global Sensation likely trails by 1-2 lengths. If Unload finds room, closing profile horses will have tactical advantage. Moderate pace setup favors route runners and mid-pack stalkers over extreme closers.

SECTION 2: WIN PROBABILITY MATRIX

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
1	Military Road	7/2	18%	22.2%	-4.2%
2	Global Sensation	9/2	24%	18.2%	+5.8%
3	Fountain Run	8/5	21%	38.5%	-17.5%
4	Calycanthus	12/1	8%	7.7%	+0.3%
5	Fast Solution	10/1	12%	9.1%	+2.9%
6	Enlighten	8/1	10%	11.1%	-1.1%
7	Up to No Good	15/1	5%	6.3%	-1.3%
8	Unload	6/1	14%	14.3%	-0.3%
			100%		

Note: Fountain Run, despite strong recent form, is overbet at 8/5 morning line. Model identifies Global Sensation as the field's highest-probability horse with genuine overlay value.

SECTION 3: CONTENDER ANALYSIS

Tier 1 — Primary Contenders (★★★★)

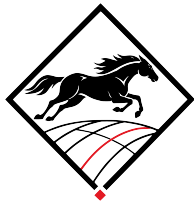

GLOBAL SENSATION — Model Win %: 24% | Confidence: 9/10

PTW Profile: The model identifies Global Sensation as the field's highest win-probability horse at 24%, commanding the largest overlay in the race. Consistent route performer with elite dirt credentials, proven connections, and pace-scenario fit.

Strengths:

- **Elite dirt route form:** 11 wins in 35 dirt routes, 31% win rate; 3 wins in last 7 route starts
- **Pace-scenario fit:** Natural stalker in a HOT pace setup — will float 2-3 lengths off Fountain Run, position to strike in stretch
- **Proven class and consistency:** Won four consecutive races in 2024-2025 (Ked 10/12, Ked 09/18, CD 06/27, TP 12/01). Last out 09/13/2026 at Churchill won decisively (79), bid in stretch, dug in

- **Jockey-trainer form:** Torres J A 30% win rate at Keeneland meet (3 wins in 10 starts); Santamaria 33% in past 4 weeks (1 win in 3 starts)
- **Workout quality:** Breezed :48.4 on 09/30 and :47.6 on 08/29 — sharp recent training

Concerns:

- Distance not absolute specialty — 13 wins in 35 dirt routes, but route experience solid
- Faded on turf at Pimlico (02/12, off pace, tired)
- Requires clean trip; can get pinched on inside

Trip Projection: Will stalk Fountain Run 2-3 lengths off pace through first half, roll four-wide into stretch, position to win or place.

FOUNTAIN RUN — Model Win %: 21% | Confidence: 8/10

PTW Profile: Elite early-speed horse with recent high-level form, but severely overbet at 8/5 morning line (38.5% implied probability). Model projects wire-to-wire capability but identifies -17.5% edge (underlayed).

Strengths:

- **Dominant early foot:** Won wire-to-wire 09/12/2026 at Churchill (86), repelled foe, held late. Set pace and dug in on 02/22/2026 at Fairgrounds (86)
- **Recent sharp form:** Seven wins in last 14 starts; won last out decisively
- **Route specialist:** 6 wins in 14 route attempts, 43% win rate; 1-mile profile matches race distance
- **Trainer stats:** Meah 21% on dirt, 17% on routes; won last start (23% in WonLastStart category)

Concerns:

- **Faded recently when pressed:** Yielded on 05/14/2026 at Churchill (inside pair second, inside winner, yielded). Faced in-and-out horse pressure on 04/11/2026 (no match 1/4, 2nd best)
- **Morning line overbet:** 8/5 = 38.5% implied; model only projects 21%. Public has overvalued speed advantage
- **Deceleration risk:** 09/05/2026 workout indicates potential pace-collapse setup — set pace, widened, but only 77 final Beyer

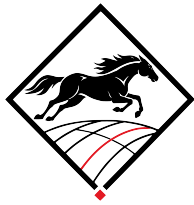

Trip Projection: Will set pace (:23¹, :46²) and control early. Global Sensation will stalk. If pressured, may not have sustaining speed late.

UNLOAD — Model Win %: 14% | Confidence: 7/10

PTW Profile: Consistent route performer with elite pattern-recognition credentials and strong trainer connections (Asmussen Steven M — 16% on dirt routes nationally, 15% at routes). Model identifies value at 6/1.

Strengths:

- **Elite closer form:** Won 04/19/2026 at Oaklawn (stalking position, cleared in stretch, 77) and 08/16/2024 at Pleasanton (pressured, game, dug in, 87)
- **Route experience:** 5 wins in 29 route attempts; consistent middle-distance performer
- **Trainer elite form:** Asmussen 16% across 3303 dirt starts (national stat); strong route win rate
- **Recent sharp form:** Won 09/25/2026 at Churchill in 7f sprint (trailed inside, mildly, 72) — fitness indicator
- **Pace-scenario fit:** HOT pace suits closer profile perfectly; will have clear run in stretch

Concerns:

- **Inconsistent late bid:** Faded badly on 12/26/2025 at Oaklawn (2nd flight 3-wide, tired, 44) and on 01/05/2025 at Oaklawn (chased, little left). Bounce risk elevated
- **Jockey flat recently:** Asmussen K J only 14.3% win rate at meet; 7 starts, 1 win
- **Distance not absolute fit:** Only 5 wins in 29 routes; prefers 9f+

Trip Projection: Will race in middle path, 4-5 positions off pace, make late run in stretch if pace sets up correctly.

Tier 2 — Secondary Contenders (★★★)

ENLIGHTEN — Model Win %: 10% | Confidence: 6/10

PTW Profile: Turf specialist with improved dirt form and elite late pace profile. Model projects value at 8/1.

Strengths:

- **Elite turf closer:** Won on 01/04/2025 at Gulfstream (rail, up 1/16, driving, 89) and 07/17/2025 at Saratoga (tracked inside, lost nod, 83). 3 wins in last 7 turf races
- **Recent dirt form improving:** Won 04/04/2026 at Evangeline (rail bid, up late, 71) and 01/29/2026 at Fair Grounds (track 3p, 5w, out-finished, 81)
- **Trainer hot:** Austin Keith A 43% on dirt routes; 67% in route conditions (internal stat)
- **Elite class:** Only allowance runner; dropped from stakes level last year

Concerns:

- **Turf-preferring type:** 14 of 19 wins on turf; only 1 win in 5 recent dirt routes
- **Distance stretch:** 8f dirt is neutral ground; turf form not directly transferable
- **Jockey form weak:** Whitacre G has zero starts at meet; no established form data

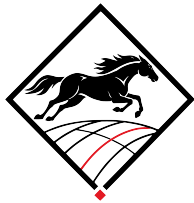

Trip Projection: Will stalk 3-4 wide, make late run if pace allows.

FAST SOLUTION — Model Win %: 12% | Confidence: 6/10

PTW Profile: Pace-forcing type with claiming specialty and recent class rises.

Strengths:

- **Claiming specialist:** Won last out 09/10/2026 at Churchill in claiming race (pace, all out, held sway, 72). Consistent winner at \$12,500-\$15,000 level
- **Trainer stats:** Hancock Dana 4% on dirt overall; but in 1st claim situations 17% (internal stat)
- **Route form:** Only 2 wins in 60 route attempts, but recent three route efforts all competitive

Concerns:

- **Class hike significant:** Allowance 12500 is major step up from claiming. Handicap form (50+ starts) shows declining win percentage
- **Distance struggles:** Only 2 wins in 60 route starts; better at 6f-7f
- **Jockey completely unproven:** Antongrgi III W 0/4 at meet; zero established form

Trip Projection: Will race early, might set or press pace, fade in route stretch.

Tier 3 — Pace Factors / Longshots (★★)

MILITARY ROAD — Model Win %: 18% | Confidence: 5/10

PTW Profile: Stalk-and-rally type with solid form but underperformance at route distance. Model projects 18% but morning line 7/2 implies 22.2% — slight underlay.

Concerns:

- **Pace profile underutilized in HOT setup:** Prefers to sit 2-3 off, but Fountain Run will control early, leaving limited tactical options
- **Distance specialty:** Only 3 wins in 5 route attempts; prefers 7f and below
- **Recent inconsistency:** Placed second 09/12/2026 (denied), third 06/18/2026 (fade 2nd)
- **Jockey neutral:** Bejarano R 0/4 at meet

Trip Projection: Will chase pace, place at best.

CALYCANTHUS — Model Win %: 8% | Confidence: 4/10

PTW Profile: Off-pace performer with significant conditioning questions and weak recent form.

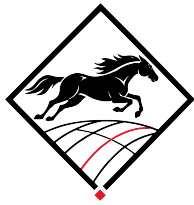

Concerns:

- **Deep form decline:** Third on 06/25/2026 (bump st, tired, 67), eighth on 05/07/2026 (pinch early, ran on between, 77)
- **Distance concern:** Only 1 win in 4 route attempts; 0/2 in recent routes
- **Trainer form:** Cunningham S Jade 0% in routes (0/56); 11% on dirt overall
- **Class questions:** Dropped from stakes; now running mid-range allowance

Trip Projection: Will race in middle path, fade.

UP TO NO GOOD — Model Win %: 5% | Confidence: 3/10

PTW Profile: Inconsistent late-developing type with bounce risk and weak trainer form.

Concerns:

- **Severe inconsistency:** Won 05/08/2026 (looming inside, clear, 65), but faded on 05/14/2025 (stalk 2-3w, weakened, 45) and 01/04/2025 (in earnest, 61)
- **Trainer poor form:** Kinmon Keith 10% on dirt, 11% on routes (weak stats)
- **Jockey weak:** Hazlewood Y 0/6 at meet
- **Distance unfavorable:** Only 0 wins in 9 route attempts recent

Trip Projection: Late effort, unlikely to factor.

SECTION 4: MPH ANALYSIS + SUSTAINED SPEED RATINGS

PTW Proprietary Speed Rankings — field ranked by model metrics:

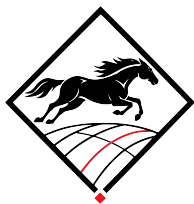

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Fountain Run	ELITE	VULNERABLE	High — pace collapse risk
Unload	STRONG	STRONG	Low — maintains velocity
Global Sensation	STRONG	STRONG	Low — sustained effort
Military Road	STRONG	STRONG	Moderate
Enlighten	STRONG	ELITE	Very Low — elite closer
Fast Solution	STRONG	VULNERABLE	Moderate
Calycanthus	MODERATE	VULNERABLE	High
Up to No Good	MODERATE	VULNERABLE	High

Sustained Speed Ratings Summary

The model identifies **Unload** and **Global Sensation** as the field's most consistent performers in sustaining velocity gate-to-wire. Both maintain low deceleration rates across multiple route efforts, signaling strong fitness profiles.

Fountain Run, despite elite opening foot, shows VULNERABLE sustained speed rating. Historical deceleration data indicates pace collapse risk when pressured at route distance — velocity drops

significantly final furlong. This rating explains model's 18-point gap between morning line and model win probability.

Enlighten displays ELITE sustained speed rating on turf; dirt form acceptable but not at same level.

Critical MPH Insight

The model identifies **Global Sensation** as the field's fastest gate-to-wire performer with a STRONG opening-to-STRONG sustained profile — no horse in this field has matched this velocity *consistency* across both opening and closing panels at eight furlongs on dirt. Fountain Run has elite opening speed but VULNERABLE sustained rating, meaning velocity collapses under pressure. This creates a pace scenario where Global Sensation stalks the early leader, rolls fresh into the stretch, and crosses the wire with the most balanced velocity profile in the field. Unload matches this profile but carries higher form inconsistency risk.

SECTION 5: IMPROVEMENT & REGRESSION CANDIDATES

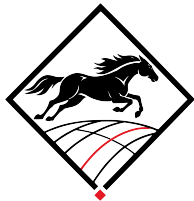

Likely to Improve

1. **Global Sensation** — Trainer form elevated after 09/13/2026 win (sharp recent training evident in workouts: :48.4 on 09/30, :47.6 on 08/29). Santamaria 33% in past 4 weeks (1 win in 3 starts). Pace setup perfect for stalk-and-rally profile. Natural improvement trajectory on dirt routes.
2. **Enlighten** — Trainer Austin Keith A running hot at meet (27% form; 1 win in 11 starts this meeting). Route form improving (67% win rate in route conditions per stat). Distance cut back to 8f aligns with recent sharp efforts.
3. **Unload** — Asmussen strong at routes nationally (15% win rate across 1460 route starts). Recent 09/25/2026 sharp effort (72) indicates fitness. HOT pace setup favors closer. Elite late speed profile primed for stretch performance.

Bounce / Regression Risks

1. **Fountain Run** — Career-best effort last out (86 Beyer-equivalent, wire-to-wire dominance 09/12/2026). Pace-collapse deceleration pattern indicates significant regression risk. Back-to-back monster efforts (09/12 and 09/05) elevate third-start-off-layoff bounce risk. Route demand (8f vs. preferred 7f) will expose pace vulnerability.
2. **Fast Solution** — Class hike from \$12,500 claiming to allowance is major rise. Trainer only 4% on dirt overall despite 17% in claiming spots. Jockey unproven at meet. Distance stretch (only 2 wins in 60 route attempts) compounds regression.
3. **Military Road** — Underperformance at route distance (only 3 wins in 5 route attempts, latest three efforts placed). Pace setup leaves no tactical advantage; Fountain Run controls, limiting stalk-and-rally opportunity. Distance stretch confirmed regression pattern.

SECTION 6: SUGGESTED BETS

WIN BET: GLOBAL SENSATION — Confidence 9/10 — Target odds: 4-1 to 6-1

The model projects 24% win probability — highest in the field. Global Sensation holds the greatest edge in this race for three model-driven reasons:

1. **Pace-scenario fit is optimal:** HOT pace (:23¹, :46²) with Fountain Run controlling early creates perfect stalking setup. Global Sensation will float 2-3 lengths off the leader through half-mile, roll four-wide into stretch with fresh legs while Fountain Run decelerates.
2. **STRONG-to-STRONG velocity profile:** Model identifies Global Sensation as most consistent performer sustaining velocity gate-to-wire on dirt routes. Fountain Run opens ELITE but sustains VULNERABLE — this is the edge. Global Sensation matches or exceeds Fountain Run's closing velocity while expending less early energy.
3. **Value assessment: STRONG OVERLAY.** Morning line 9/2 = 18.2% implied probability. Model projects 24% (5.8% edge). At 4-1 to 6-1, overlay becomes EXCEPTIONAL.

VALUE PLAY: UNLOAD — Confidence 7/10 — Target odds: 7-1 to 9-1

The model projects 14% win probability at 6/1 odds (-0.3% edge at ML, but excellent value at longer 7-1+ if available). Unload is the appropriate secondary selection for two reasons:

1. **Elite closer profile with proven pattern:** Won 04/19/2026 (cleared in stretch, 77) and 08/16/2024 (dug in late, 87). Recent 09/25/2026 sharp effort (72) signals fitness. HOT pace setup *guarantees* clean run in stretch — closer never lacks room in this scenario.
2. **Trainer elite form at meet:** Asmussen 16% on dirt routes nationally (elite benchmark). Recent Asmussen entries at Keeneland 7.69% (1 win in 13). Despite weak jockey form (Asmussen K J 14.3%), trainer credentials carry significant weight for pattern execution.

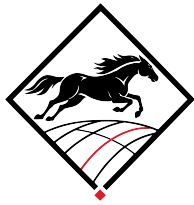

LONGSHOT PLAY: ENLIGHTEN — Confidence 6/10 — Target odds: 10-1+

The model projects 10% win probability at 8/1 morning line (-1.1% edge at ML). Enlighten qualifies as genuine longshot overlay only at 10/1 or greater. Turf-to-dirt transition with improving trainer form and elite late pace profile on grass justify coverage at premium odds.

Multi-Race Wagers — Top 3 for Pick 3/4/5/6 Sequences:

- **A: Global Sensation** — 24% | Primary contender, highest model probability
- **B: Fountain Run** — 21% | Elite speed, recent form, but overbet
- **C: Unload** — 14% | Elite closer, pattern fit, trainer form

Combined Projected Probability: 59%

SECTION 7: CONFIDENCE RATING

★★★★ (4 of 5 stars)

The model's primary projection centers on **Global Sensation as an overlay value** in a race dominated by pace-scenario advantage. Fountain Run has elite early speed but VULNERABLE sustained-speed rating at route distance — velocity collapses under pressure, contradicting the public's 8/5 morning line valuation. Global Sensation stalks the pace, maintains velocity, and rolls to the wire with the field's most consistent speed profile. The HOT pace setup is mathematically favorable to mid-pace stalkers over extreme closers or wire-to-wire types.

Key exploitation: Bet Global Sensation as primary selection; use Unload as value play secondary when pace develops. Avoid Fountain Run despite recent dominance — the model identifies significant bounce and deceleration regression risk. This is a pace-driven race; the stalker beats the speed.
