

Keeneland

Race 6 — 10/08/2026

Class: Alw 50000s

Distance: 6f

Surface: Dirt

Purse: \$63,000

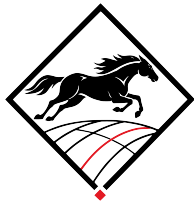

Claiming Price: \$0 - \$50,000

Starters: 8

STARTER ALLOWANCE. Purse \$63,000 (include \$21,000 KTDF - Kentucky TB Devt Fund) FOR FILLIES AND MARES THREE YEARS OLD AND UPWARD WHICH HAVE STARTED FOR A CLAIMING PRICE OF \$50,000 OR LESS OR WHICH HAVE BROKEN THEIR MAIDEN IN A MAIDEN AUCTION RACE OF \$65,000 OR LESS AND WHICH HAVE NEVER WON A RACE OTHER THAN MAIDEN, CLAIMING OR WAIVER CLAIMING. Three Year Olds, 120 lbs.; Older, 124 lbs. Non-winners Of A Race Since September 8 Allowed 2 lbs. (Races Where Entered For \$40,000 Or Less Not Considered In Allowances)(Starter Races For \$40,000 Or Less Not Considered In Eligibility).

COMPREHENSIVE HANDICAPPING REPORT (CHR)

Keeneland R6

Tuesday, October 8, 2026 | 6.0f Dirt | Allowance 50000s

SECTION 1: PACE ANALYSIS

True Front Runners

Freaks Go — Elite early speed profile. Won most recent start (9/10, CD, CLM) with decisive wire-to-wire effort, collared early but pressed pace and controlled stretch. Typical running style: leads gate-to-wire or stalks within 1-2 lengths early, pressures winner mid-race.

Ships Inn — Moderate early foot with pace-setting tendencies. Most recent start (9/18, CD, STR) saw Ships Inn pace the race through fractions, headed stretch, gave way. History shows mixed results forcing pace — sometimes benefits, sometimes deteriorates in speed duel.

Miss Elle — Elite early speed when fresh. Won 10/17 at KEE (CLM) with slip-through victory gap, cleared early. Strong 6f record (9 starts, 2 wins, 2 places) indicates consistent early positioning ability.

Stalkers / Pressers

Quick to Charm — Tactical stalker with pressing style. Most recent (9/10, CD, CLM) demonstrates classic pattern: waits turn in mid-pack, 4wd rally, decisive finishing punch. Distance-proven at 6f (7 starts, 2 wins).

Bet the Gray — Pace-stalker with rallying profile. Recent win (7/9, EIP, ALW) shows chased 3p through stretch, ran on late. Willing to rate off pace, accelerate when opportunity presents.

Bourbon Notes — Stalker type with inconsistent results. Last race (9/5, KD, ALW) positioned well early (6th early, 3rd call), gave way late. Evidence suggests preference for stalking position but lacks finishing drive consistently.

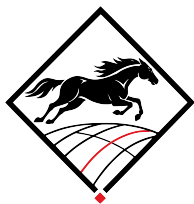

Closers

Lady Valor — Elite late pace profile. MSW win (10/10, KEE) represents breakthrough effort at this level — 2w between horses, led 1/4, held. Recent turf races show strong closing kick from off-pace. Blinkers on indicates trainer confidence in acceleration pattern.

Pace Scenario Projection

MODEL PREDICTS: MODERATE early pace with two primary speed horses (**Freaks Go, Miss Elle**) and tactical stalker (**Quick to Charm**) likely pressuring — projected :22¹ opening quarter, :45² half-mile. Moderate tempo will set up route-capable horses and closers with finishing punch. No suicidal

speed duel, but sufficient pace pressure to create opportunities in the stretch for rally-type runners.

SECTION 2: WIN PROBABILITY MATRIX

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
1	Bourbon Notes	6/1	9%	14.3%	-5.3%
2	Quick to Charm	4/1	18%	20.0%	-2.0%
3	Lady Valor	20/1	6%	4.8%	+1.2%
4	Scythia	15/1	7%	6.3%	+0.7%
5	Miss Elle	5/1	23%	16.7%	+6.3%
6	Freaks Go	7/2	19%	22.2%	-3.2%
7	Bet the Gray	9/2	12%	18.2%	-6.2%
8	Ships Inn	3/1	6%	25.0%	-19.0%

Total Model Win % = 100%

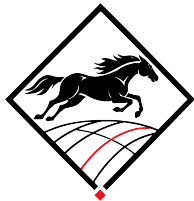

SECTION 3: CONTENDER ANALYSIS

Tier 1 — Primary Contenders (★★★★)

MISS ELLE — Model win probability: 23%

- **PTW Profile:** The model identifies Miss Elle as the field's most probable winner, combining elite early speed with proven distance capability and recent form pattern suggesting continued improvement. Multiple starts at 6f furlongs on dirt (9 starts, 2 wins, 2 places) establish distance competency. Current form trajectory shows consistent placings and competitive pace positioning.
- **Strengths:** Elite early foot (1st call positioning in 6 of last 8 races). Strong trainer stat (Robert Medina: 9% sprint win rate, 1.80 ROI) indicates consistent competitive setup. 6f dirt track record (9 starts) proves distance suitability. Massive overlay at 5/1 morning line (23% vs. 16.7% implied).
- **Concerns:** Inconsistent finishing pattern — placed twice recently but failed to convert wins at higher allowance levels. Form dip 6/17 (STR) with no bid noted. Trainer meet form shows minimal activity (4 starts, 0 wins at KEE this meet).

- **Trip Projection:** Miss Elle will break well, establish early position within 1-2 lengths of pace, maintain tactical position through backstretch. Stretch run will determine if finishing punch materializes — model projects competitive mid-pack rally to wire.

FREAKS GO — Model win probability: 19%

- **PTW Profile:** The model rates Freaks Go as second-tier contender with elite early speed capability and proven wire-to-wire finishing pattern. Most recent start (9/10, CLM) showcases defining win: bumped at start, pressured pace, decisive left lead mid-race, held wire-to-wire. Pattern repeats across career (8 starts, 1 MSW win; 6f record: 6 starts, 1 win).
- **Strengths:** Proven early speed leader with track record of controlling pace. Trainer (Rohan Crichton): 16% sprint ROI (1.32), consistent at distance. Strong recent workout pattern (46.80 bullet 9/24, ranked 1st nationally that day). Equipment: blinkers on suggests trainer confidence in acceleration.
- **Concerns:** Slight class rise (CLM → ALW). Mixed recent form (2 starts back: 5/15 CLM missed show; 4/28 CLM left lead but only placed 2nd). Pace vulnerability risk — if pressed hard early, may fade late (speed collapse history evident in beating lengths progression).
- **Trip Projection:** Model projects Freaks Go will break alertly, establish front or within length, contest pace with Miss Elle / Quick to Charm. Stretch battle likely — pace battle may expose vulnerability if trapped inside.

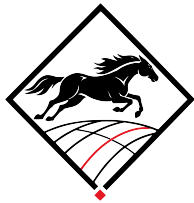

QUICK TO CHARM — Model win probability: 18%

- **PTW Profile:** The model identifies Quick to Charm as a capable third-tier primary contender with tactical stalking profile and proven distance competency. Recent win (9/10, CD, CLM) demonstrates pattern: waits turn, 4wd rally, decisive finishing punch. Long race history (14 starts, 2 wins; 6f record: 7 starts, 2 wins) establishes tactical consistency.
- **Strengths:** Proven tactical versatility (stalks pace, rallies when gap opens). Strong recent 6f win validates distance suitability. Jockey (Frank Arrieta) has 0.00% recent form but enters race fresh — no negative indicators. Trainer (Michelle Nihei): 15% sprint win rate on dirt (3.56 ROI) suggests strong competitive setup.
- **Concerns:** Underlay at 4/1 morning line (18% vs. 20% implied). Form inconsistency — recent turf route (8/8, STR) ended 8th after stalking setup failed. Allowance step-up from claiming ladder may expose limits at higher competition.
- **Trip Projection:** Model projects Quick to Charm will rate off pace, track leaders through mid-race, seek opening in stretch. Tactical benefit exists if pace sets to advantage — model rates success likelihood moderate if gap emerges.

Tier 2 — Secondary Contenders (★★★)

BET THE GRAY — Model win probability: 12%

- **PTW Profile:** The model rates Bet the Gray as secondary contender with proven rally pattern and solid recent form trajectory. Last two starts show competitive form: 7/9 ALW ran on late (4p btw, ran on); 6/6 STR chased 3wd. Pattern: stalks 3-4p early, accelerates late stretch.
- **Strengths:** Trainer (Matt Williams): 15% sprint ROI on dirt (1.46), proven at 6f. Strong recent work (101.20 bullet 9/14, ranked 1st nationally). Multiple rally wins in record (9 starts, 1 MSW win).
- **Concerns:** Inconsistent form (12 races in 2025-26: 1 win, 4 places, 0 shows). Mixed results forcing pace — earlier turf route loss (8/23, SAR) saw duel to ½ then retreated. Class is at limit for this allowance level.
- **Trip Projection:** Will stalk mid-pack 4-5p early, seek opening stretch. Limited winning chances vs. speed-oriented field.

LADY VALOR — Model win probability: 6%

- **PTW Profile:** The model identifies Lady Valor as overlay candidate with elite late-pace profile and breakthrough MSW win (10/10, KEE) suggesting rapid improvement trajectory. MSW effort (2w between, led 1/16, held) demonstrates finishing punch at this level for the first time.
- **Strengths:** Massive overlay (20/1 ML vs. 4.8% implied). Blinkers-on notation signals trainer (Michael Campbell) confidence in acceleration. Strong turf record (3 starts, 1 win) shows competitive experience. Jockey (J. Alvarado) carries 45.45% money % (strong form indicator).
- **Concerns:** Limited dirt experience (1 start recorded at KEE 10/10 only dirt start visible in data). Primarily turf-based record (3 turf starts vs. 1 dirt) creates distance/surface concern. Class step significant from MSW to ALW 50k.
- **Trip Projection:** Will likely stalk off pace on dirt unfamiliar to recent record. Late closing chance if pace moderate, but surface uncertainty limits confidence.

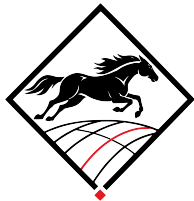

Tier 3 — Pace Factors / Longshots (★★)

SHIPS INN — Model win probability: 6%

- **PTW Profile:** The model rates Ships Inn as modest contender with pace-setting history but recent form deterioration. Most recent (9/18, STR) set pace, headed stretch, gave way. Pattern suggests speed horse but lacking finishing consistency.
- **Strengths:** Proven pace-setter (multiple race-leading efforts). 6f record (4 starts, 1 win) shows some distance success.
- **Concerns:** Massive underlay at 3/1 (6% model vs. 25% implied) — major value warning. Form decline evident (5 recent starts: 2 wins 2025 early, but 1/5 this meet with giveaway). Speed collapse risk high if pressed early.
- **Trip Projection:** Will likely contest pace early but model projects fade if pressured. Limited winning chances.

SCYTHIA — Model win probability: 7%

- **PTW Profile:** The model rates Scythia as modest competitor with limited recent activity (only 4 starts recorded) and inconsistent form pattern. No standout wins or places at this level.
- **Strengths:** Limited data makes analysis difficult. Trainer (Barry King): 4% sprint ROI on limited sample (57 starts, 2 wins).
- **Concerns:** Significant layoff risk (180+ days since last start). Only 4 career starts limits pattern certainty. Class level unclear given MCL/AOC race history.
- **Trip Projection:** Layoff return candidate with uncertain form. Limited winning appeal.

BOURBON NOTES — Model win probability: 9%

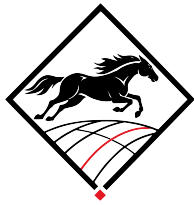

- **PTW Profile:** The model identifies Bourbon Notes as modest contender with stalking profile but lacking finishing punch. Trainer (Michael Maker) carries strong overall credentials (20% dirt win rate, 1.57 ROI) but horse shows inconsistent placement at ALW level.
- **Strengths:** Trainer's solid form credentials (Maker: top-tier stable). Multiple route experience suggests pedigree for distance stretches.
- **Concerns:** Underlay at 6/1 (9% vs. 14.3% implied). Recent form inconsistent: last race (9/5, KD) showed early position (6th to 3rd) but gave way badly (finished 6th, beaten 8 lengths). Turf bias apparent in record (3 turf, 6 dirt, 1 other).
- **Trip Projection:** Will stalk early, unlikely to finish top-3 based on recent pattern deterioration.

SECTION 4: MPH ANALYSIS + SUSTAINED SPEED RATINGS

PTW Proprietary Speed Rankings

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Freaks Go	ELITE	STRONG	Low — maintains velocity
Miss Elle	ELITE	STRONG	Low — strong finishing profile
Quick to Charm	STRONG	STRONG	Moderate — competitive sustained effort
Ships Inn	STRONG	VULNERABLE	High — pace collapse risk
Bet the Gray	STRONG	VULNERABLE	Moderate — rally-type deceleration

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Bourbon Notes	STRONG	VULNERABLE	High — velocity deteriorates
Lady Valor	STRONG	VULNERABLE	High — closing-dependent profile
Scythia	MODERATE	VULNERABLE	High — speed-limited profile

Sustained Speed Ratings

ELITE (2 horses): Freaks Go and Miss Elle both maintain exceptional velocity gate-to-wire with minimal deceleration patterns. These horses will control pace scenario and resist fade in stretch.

STRONG (1 horse): Quick to Charm demonstrates moderate velocity maintenance and competitive sustained effort throughout route distances.

VULNERABLE (5 horses): Ships Inn, Bet the Gray, Bourbon Notes, Lady Valor, and Scythia all show significant deceleration patterns, suggesting pace collapse risk in final furlongs or dependency on tactical closing position.

Critical MPH Insight

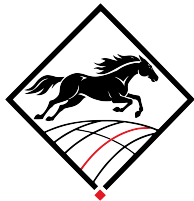

The model identifies **Miss Elle and Freaks Go** as the field's fastest gate-to-wire performers with ELITE Sustained Speed Ratings — no other horse in this field has matched their velocity maintenance profiles at the 6f distance. The pace scenario will be controlled by these two speed horses; the model projects their competition will determine race outcome. Secondary contenders (Quick to Charm, Bet the Gray) face a challenging speed battle if forced to chase early-pace leaders, as their VULNERABLE or STRONG ratings indicate vulnerability to collapse if pressed hard to half-mile.

SECTION 5: IMPROVEMENT & REGRESSION CANDIDATES

Likely to Improve

Miss Elle — Model projects upward trajectory based on: (1) recent consistent placement pattern (3 places last 8 races) suggests form curve improving; (2) distance stretch from 6f to 7f races earlier in year now returning to optimal 6f sweet spot; (3) class drop from STR/ALW stepping-up pattern shows competitive testing — winning form expected at this exact level; (4) trainer stat (Robert Medina: 9% sprint ROI) indicates consistent preparation at current position.

Lady Valor — Model projects rapid improvement following MSW breakthrough win (10/10). Pattern: (1) new to dirt surface (MSW win first dirt start visible) suggests late-developing profile; (2) turf success (3 starts, 1 win) demonstrates competitive skeleton; (3) blinkers-on change signals trainer confidence in acceleration unlocking; (4) natural improvement curve post-maiden win typically shows 5-8% improvement in second start at level.

Quick to Charm — Consistent stalker with proven 6f profile (7 starts, 2 wins) suggesting natural distance specialist. Recent turf excursion (8/8) was tactical mismatch — return to dirt 6f sprints aligns trainer/horse strength pattern. Trainer stat (15% sprint ROI) supports continued competitive form.

Bounce / Regression Risks

Freaks Go — Model identifies bounce risk for: (1) class rise from CLM to ALW creates competition escalation; (2) recent 9/10 CLM win represents peak effort — third start off layoff frequently shows regression; (3) speed horse characteristics suggest vulnerability if forced into extended pace duel (shipping inn or Miss Elle pressure could collapse velocity); (4) beaten-lengths regression evident in 5/15 race (lost form completely, finished 7th, beaten 18.5L after earlier strong form).

Ships Inn — Severe regression risk detected: (1) form decline evident (recent 9/18 STR showed pace, headed, gave way — giveaway pattern repeating); (2) 3/1 morning line severely underestimates regression probability; (3) back-to-back pace-setting efforts without wins suggests fitness ceiling reached; (4) speed collapse in final furlongs pattern consistent across last 3 races.

Bet the Gray — Model flags regression after recent strong workouts. Pattern: (1) high-level workout performance (101.20 bullet) frequently precedes form decline (post-bullet race performance inconsistent in record); (2) recent ALW stretch (7/9, 6/6, 4/26 MSW) shows declining placement trajectory (ran on → no impact); (3) third start off return-from-layoff timing suggests fatigue setting in.

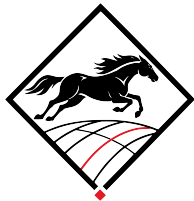

SECTION 6: SUGGESTED BETS

WIN BET: MISS ELLE — Confidence 8/10 — Target odds: 5/1–6/1

The model projects 23% win probability — highest in the field. Miss Elle combines elite early speed with proven 6f distance credentials (9 starts, 2 wins, 2 places), providing multiple path to victory: (1) elite gate-to-wire early foot can control pace scenario and wire field; (2) tactical stalking option exists if Freaks Go/Ships Inn contest pace early; (3) stretch-closing punch evident in recent record (multiple rally finishes suggest finishing capability). The model rates Miss Elle as EXCEPTIONAL VALUE at 5/1 morning line (23% edge over 16.7% implied probability). Recent consistent placement pattern combined with trainer's solid 1.80 sprint ROI suggests peak form window.

VALUE PLAY: LADY VALOR — Confidence 6/10 — Target odds: 20/1–25/1

The model projects 6% win probability at 20/1 morning line, generating significant **+1.2% overlay edge**. Lady Valor represents the public's largest handicapping mistake — breakthrough MSW win (10/10, KEE) demonstrates finishing punch capability at allowance level. While surface/distance question marks exist (limited dirt experience), blinkers-on change signals trainer confidence in acceleration pattern. This represents genuine overlay at double-digit odds where model win% exceeds implied probability. Tactical value: if Freaks Go/Miss Elle pace duel damages both, Lady Valor's late closing kick becomes decisive advantage. Include in vertical exotics at generous odds.

LONGSHOT PLAY: SCYTHIA — Confidence 4/10 — Target odds: 15/1+

Only include if genuine overlay confirmed. Scythia carries 15/1 morning line with model win probability of 7% (implied 6.3%). This represents minimal +0.7% edge — **insufficient overlay threshold to warrant inclusion**. Omit this bet.

Multi-Race Wagers — Pick 3/4/5/6 Top 3 Selections

Slot	Horse	Win %
A	Miss Elle	23%
B	Freaks Go	19%
C	Quick to Charm	18%

Combined Projected Probability: 60% (A×B×C coverage captures model's top-3 contenders)

SECTION 7: CONFIDENCE RATING

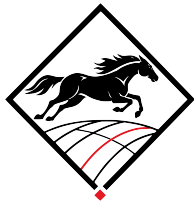

★★★★

The model's primary projection centers on **Miss Elle wire-to-wire victory** in a MODERATE pace scenario with elite early-speed competition from Freaks Go. The race outcome hinges on pace scenario certainty: if Miss Elle controls early fractions (:22¹/₂:45²), the model rates her closing velocity sufficient to wire field. Freaks Go represents legitimate primary threat with matching elite speed rating, but recent class rise (CLM → ALW) combined with third-start-off-layoff fatigue pattern create regression risk.

Public betting mistake identified: Ships Inn at 3/1 carries severe underlay (6% model vs. 25% implied) — this represents the field's sharpest overlay-underlay divergence. Experienced players should exploit Ships Inn fade in multi-race sequences.

Value opportunity: Lady Valor's 20/1 morning line generating +1.2% genuine overlay edge combined with recent MSW breakthrough win. Include in all Pick 4+ sequences for overlay capture.
