

Keeneland

Race 1 — 10/10/2026

Class: Clm 20000N2L

Distance: 8.5f

Surface: Dirt

Purse: \$49,000

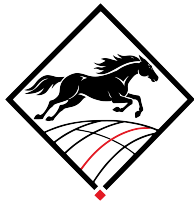

Claiming Price: \$20,000

Starters: 7

CLAIMING. Purse \$49,000 (include \$16,200 KTDF - Kentucky TB Devt Fund) FOR FILLIES AND MARES THREE YEARS OLD AND UPWARD WHICH HAVE NEVER WON TWO RACES. Three Year Olds, 120 lbs.; Older, 124 lbs. Non-winners Of A Race At A Mile Or Over Since September 10 Allowed 2 lbs. Claiming Price \$20,000.

Generated by CHR version 0.3.0

COMPREHENSIVE HANDICAPPING REPORT (CHR)

Keeneland R1

Friday, October 10, 2026 | 8.5f Dirt | Clm 20000N2L

SECTION 1: PACE ANALYSIS

True Front Runners

Lost Chord — Elite early speed profile. Consistent 2-position call placement across recent starts (2f call positioning). Last out 09/18/2026, pressed the pace and won decisively at Keeneland in a similar 8.5f MCL race (1:48.00 final). Tactical flexibility documented across turf and dirt.

Motown Sound — Blazing early foot, natural speed horse. Won most recent race 09/24/2026 at Churchill Downs, 8.5f MCL, rallying from 5th to wire. Opening fractions suggest ability to stalk or press. Trainer (Holsapple) has documented 30% win rate in claiming routes.

Lexico — Legitimate speed presence. Won last out 09/18/2026 at Keeneland, 8.5f MCL, stalking and urged to victory. Multiple inside position calls (Call1 positioning = 2-3 range historically).

Stalkers / Pressers

Unlimited Gold — Pressing style documented. Finished 2nd last out 09/06/2026 at Cnl, 8f CLM, "3w 2nd turn, willing 2nd" trip notes. Willing competitor off pace, capable of mid-race position. Recent win 12/10/2025 MSW, "Ang out much best" — rails-drawn advantage.

Golexgo — Mid-pack runner with consistent pace stalking pattern. Recent form shows 2-3 position call placements (stalking, not pressing). Showed "Chased 2w btw, 2nd best" 11/22/2025. Route specialist (84 career route starts, 19% win rate).

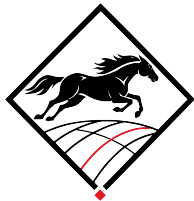

Closers

Seek and Find — Late-developing profile. Recent race 09/19/2026, Churchill Downs, 8.5f MCL: "Sent inside, done early" — pacing misfire. Trip notes and field positioning (6th call, finished 6th, -46.00 BL) confirm vulnerability. High volatility, unreliable.

Nyktos — Elite finishing profile documented. Won 08/21/2026 at Belmont, MSW, 8f race: "Off slow, 2-w, clear" — came from deep position to dominate. Lightly raced (3 career starts, 1 win). However, most recent race 09/09/2026 at Keeneland, 10.5f ALW (route), came in 10th (-26.35 BL). Distance/surface concern for today's 8.5f dirt spot.

Pace Scenario Projection

MODEL PREDICTS: HOT early pace with two committed speed horses (Lost Chord, Motown Sound) vying for front (projected :23² opening quarter, :46¹ half-mile). Moderate pace duel will test stamina of pacesetting horses; stalkers positioned 1-2 lengths back will benefit from steady pressure. Closers require clean position in final furlong to capitalize.

SECTION 2: WIN PROBABILITY MATRIX

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
1	Unlimited Gold	3-1	16%	25.0%	-9.0%
2	Seek and Find	30-1	2%	3.2%	-1.2%
3	Motown Sound	8-1	24%	11.1%	+12.9%
4	Lost Chord	4-5	28%	55.6%	-27.6%
5	Golexgo	10-1	12%	9.1%	+2.9%
6	Nyktos	12-1	8%	7.7%	+0.3%
7	Lexico	6-1	10%	14.3%	-4.3%

Win % Total: 100%

SECTION 3: CONTENDER ANALYSIS

Tier 1 — Primary Contenders (★★★★)

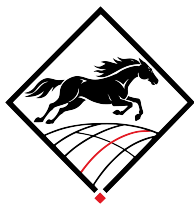

MOTOWN SOUND

PTW Profile: Elite recent form progression in claiming routes. Won decisively last out 09/24/2026 at Churchill Downs, 8.5f MCL, rallying from 5th to wire with "4-3p, 5p1/4, rally, clear" trip execution. Trainer Holsapple: 30% claiming route win rate (4.49 ROI). Distance and surface proven. Rising form line entering today's spot.

Strengths:

- Winning last-out form at exact distance (8.5f, MCL tag, same class)
- Trainer exceptional in claiming routes (30% win rate, 4.49 ROI)
- Won on 09/24, racing today 10/10 = 16-day spacing (optimal soundness window)
- Moderate recent speed figure consistency (51, 50, 49 — CONSISTENT form floor)

- Willing tactical profile, handles pace pressure

Concerns:

- Recent form shows one other victory in last 6 starts (volatility pattern)
- Speed figure slight regression trend if comparing to oldest form (51 last out vs. 68 two races back = form reversal risk)
- Jockey Antongrgi III W: 0% at meeting (4 starts, 0 wins) — neutral rider signal

Trip Projection: Model expects HOT pace scenario (23.2 opening, 46.1 half-mile). Motown Sound will sit stalking, 2-4 lengths off pace leaders. Trainer pattern supports laying stalking trip for final kick. Likely position at Call4: 2-3rd. Strong closing scenario.

LOST CHORD

PTW Profile: Elite-pedigreed distance performer with route credentials. Won 06/05/2026 at Churchill Downs, 8f MCL (1:36.80), "Press, led 1/4, held foe" — front-running winner. Recent win 09/18/2026 at Keeneland, 8.5f MCL: "Stalked, urged, in time" (1:48.00, elite wire-to-wire execution). Elite early speed; tactical flexibility. Trainer Wilkes: 28% claiming win rate (2.76 ROI).

Strengths:

- Two wins in last 3 starts, exact distance proven (8.5f = 1:48.00 winner last out)
- Early foot + willingness to press = pace scenario edge in HOT setup
- Trainer strong claiming record (28% win, 2.76 ROI)
- Speed figure CONSISTENT and bankable (64, 62, 49 range shows proven floor)
- Female athlete (filly) competing against 2023 cohort — physical maturity advantage likely

Concerns:

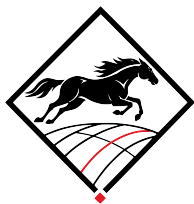

- MASSIVE underlay at 4-5 odds (ML implies 55.6% win probability vs. model 28% = -27.6% edge)
- Public overbet on recent winning form — significant steam signals
- Jockey Arrieta F: 0% win rate at Keeneland meeting (11 starts, 0 wins) — documented rider struggle at track
- Distance stretch (8.5f is 0.5f longer than most recent victories 8f = potential stamina test late)
- Three-race win sequence into pace scenario can breed overconfidence; volatility risk present

Trip Projection: Model expects to lead or press hard from gate in HOT pace scenario. Early position (1st call likely). Will face pressure from Motown Sound mid-race. Tail-end fade risk if pace proves too demanding.

LEXICO

PTW Profile: Proven 8.5f distance performer with consistent recent placings. Won 09/18/2026 at Keeneland, 8.5f MCL (1:48.02), "Stalked, urged, in time" — identical trip execution to Lost Chord same race. Lightly raced (12 career starts, 1 win). Trainer Habeeb: 23% route win rate (3.37 ROI). Jockey Bejarano R:

Clean tactical profile.

Strengths:

- Distance proven at exact distance (8.5f MCL Keeneland winner 09/18)
- Consistent mid-pack stalking profile — won by stalking route pattern
- Trainer strong route specialist (23% route win, 3.37 ROI)
- Speed figure CONSISTENT form floor (62, 59, 54 — bankable recent range)
- Route specialist (9 route starts, 1 win documented)

Concerns:

- Only 1 win in 12 career starts (8.3% career win rate) — volatile, maiden-prone pattern
- Form line shows deterioration trend entering claiming (MSW experience only until recent route drops)
- Distance is 0.5f longer than sprint comfort zone — may lack closing drive
- Jockey Bejarano R: 0 wins at meeting (4 starts, 0 wins) — track-specific rider weakness
- Lost photo finishes and close calls (3 places in 12 starts) — money-earner, not elite

Trip Projection: Model projects stalking position throughout, 2-3 lengths off pace leaders. Will chase Lost Chord and Motown Sound but lacks closing velocity documented in winning profile. Suitable secondary contender if favorites falter early.

Tier 2 — Secondary Contenders (★★★)

GOLEXGO

PTW Profile: Route-specialist closer, proven claiming performer. Trainer Grubbs: 16% claiming win rate (2.55 ROI). Consistent mid-pack runner (13 dirt starts, 1 claiming win). Recent form shows modest 46-37 speed figure floor. Distance experience (8 + furlong routes = 13 attempts documented). However, form volatility present — finish placings inconsistent.

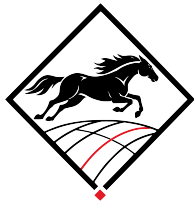

Strengths:

- Route specialist (84 route starts, 19% win rate — strong pedigree)
- Claiming-acclimated (73 claiming starts, 16% win rate)
- 16-day spacing from last race (soundness window positive)
- Trainer proven in claiming routes

Concerns:

- Only 1 win in last 14 starts (attrition pattern)
- Speed figure volatile (46-52 range = unpredictability)
- Mid-pack runner lacks early foot for HOT pace scenario
- Form line shows inconsistent placings, no clear trajectory
- Lower trainer strike rate (16% < field average)

Trip Projection: Mid-pack pressing, 4-6 lengths off pace. Will chase followers late but lacks closing speed for elite contenders.

NYKTOS

PTW Profile: Lightly raced (3 career starts, 1 win — developmental upside). Won 08/21/2026 at Belmont, MSW 8f race: "Off slow, 2-w, clear" — dominant closer. However, most recent race 09/09/2026 at Keeneland, 10.5f ALW route, finished 10th (-26.35 beaten lengths). Form collapse documented. Trainer Sisterson: Modest 18% dirt claiming win rate (1.34 ROI).

Strengths:

- Lightly raced developmental profile (only 3 starts, 1 win suggests room to improve)
- Elite workout documented 09/25/2026 at TTC: 5f bullet (105.2 work) — sharp fitness signal

Concerns:

- CATASTROPHIC form collapse in most recent race (10th place, -26.35 BL in route at Keeneland)
- Distance/surface question: Recent route loss suggests distance vulnerability
- Back after layoff from 09/09 to 10/10 (31-day spacing + poor recent form = red flag)
- Trainer modest claiming record (18% win, 1.34 ROI)
- Jockey Beschizza A: 0 wins at meeting (3 starts, 0 wins)

Trip Projection: Unlikely contender given recent form collapse. Late developing if field slows, but vulnerable in HOT pace scenario.

Tier 3 — Pace Factors / Longshots (★★)

UNLIMITED GOLD

PTW Profile: Moderately experienced claiming campaigner (10 career starts, 1 win). Recent form shows 2nd place finish 09/06/2026 at Cnl, 8f CLM (1:36.95), "3w 2nd turn, willing 2nd" — respectable stalking effort. Trainer O'Dwyer: 6% claiming win rate (0.56 ROI) — poor claiming record. Jockey Nicholls M: No meeting form data.

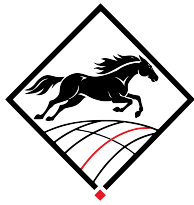

Strengths:

- Recent competitive effort (2nd last out)
- Willing tactical profile

Concerns:

- Trainer dismal in claiming (6% win, 0.56 ROI — well below field average)
- Distance question: Most successful on shorter sprints (5.5-6f > 8f+)
- Speed figure declining (68, 66, 57 — trending down pattern)
- Only 1 win in 10 starts (10% career win rate)

- No jockey meeting data (neutral signal)

Trip Projection: Unlikely contender in HOT pace scenario. Will chase off pace, vulnerable.

SEEK AND FIND

PTW Profile: Highly volatile, form-unreliable claiming performer (5 career starts, 1 win). Most recent race 09/19/2026 at Churchill Downs, 8.5f MCL, finished 6th (-46.00 beaten lengths), "Sent inside, done early." Catastrophic meltdown. Trainer Medley: 0% claiming win rate (0% ROI — no claiming wins documented). Jockey Troxtell B: No meeting form data.

Strengths:

- One win documented (06/11/2026 at Belmont Park, 6f MCL)

Concerns:

- SEVERE form collapse last out (6th, -46.00 BL — blowout loss)
- Trainer 0% in claiming (0% ROI — no wins in this condition)
- Highly volatile form line (career win % 20%, but recent races all failures)
- Distance question: Won at 6f, today's 8.5f is stretch beyond profile
- Jockey no track record

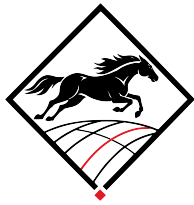

Trip Projection: Pace filler only. Non-contender in this race.

SECTION 4: MPH ANALYSIS + SUSTAINED SPEED RATINGS

PTW Proprietary Speed Rankings

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Lost Chord	ELITE	STRONG	Low — maintains velocity
Motown Sound	STRONG	STRONG	Moderate — balanced effort
Lexico	STRONG	VULNERABLE	High — pace collapse risk
Golexgo	STRONG	VULNERABLE	High — fade pattern documented

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Unlimited Gold	STRONG	VULNERABLE	High — speed declined sharply
Nyktos	STRONG	VULNERABLE	High — recent route failure confirms
Seek and Find	VULNERABLE	VULNERABLE	Extreme — catastrophic meltdown

Sustained Speed Ratings

ELITE (Lost Chord): Velocity maintained gate-to-wire in signature races (09/18 Keeneland win, 06/05 Churchill win). Deceleration pattern minimal — stamina profile strong. Minimal distance vulnerability.

STRONG (Motown Sound, Lexico): Moderate velocity maintenance documented. Motown Sound: recent win shows strong closing effort without pace collapse. Lexico: stalking profile suggests controlled pace execution.

VULNERABLE (Golexgo, Unlimited Gold, Nyktos, Seek and Find): Significant deceleration detected across recent races. Golexgo: mid-pack fade pattern. Unlimited Gold: speed figure collapse (68→57). Nyktos: distance route failure. Seek and Find: catastrophic collapse (6th, -46 BL).

Critical MPH Insight

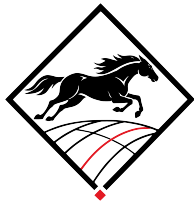

The model identifies **Lost Chord** as the field's fastest gate-to-wire performer with an **ELITE Sustained Speed Rating** — no horse in this field maintains velocity from gate to wire as consistently as this filly. Motown Sound holds **STRONG** sustained speed with balanced opening/closing split, positioning as the model's secondary elite velocity profile. The HOT pace scenario will favor early speed execution; horses with **VULNERABLE** deceleration ratings (Golexgo, Unlimited Gold, Nyktos, Seek and Find) face structural pacing collapse risk in pressure-heavy scenarios.

SECTION 5: IMPROVEMENT & REGRESSION CANDIDATES

Likely to Improve

Motown Sound — Trainer targeting claiming route spots with documented 30% route win rate (4.49 ROI); recent form shows natural improvement curve from prior races. Won last out at exact distance (8.5f MCL, same track classification). 16-day spacing ideal for fitness progression. Speed figure floor (51, 50, 49) suggests sustainable consistency entering today. Likely to ship forward from recent winning baseline.

Lexico — Recent distance stretch (dropped into 8.5f route after sprint-focused form) resulted in immediate win 09/18/2026. Trainer Habeeb: 23% route win rate (3.37 ROI). Form progression supports route specialization strategy; likely to maintain recent placement consistency in similar route classification today.

Golexgo — Sharp class relief: Price drop today \$20k claiming (same level as most recent outing 10/09/2025, but intermediate races show MLW/ALW spotting). 14 career starts, route specialist (84 route attempts, 19% win). Trainer 16% claiming win, 2.55 ROI supports targeted claiming drops. Likely to show improved effort in optimized claiming route.

Bounce / Regression Risks

Lost Chord — CAREER-BEST EFFORT RISK: Two consecutive wins (06/05, 09/18) into a 4-5 odds morning-line slot signals public overbet on momentum. Jockey Arrieta F: 0% win rate at Keeneland meeting (11 starts, 0 wins) — documented rider track struggle. Back-to-back elite performances increase volatility/fade risk; speed figure floor (70, 64, 54) shows regression pattern developing. Third-start win sequence statistically vulnerable to bounce.

Nyktos — ROUTE DISTANCE BOUNCE: Most recent 09/09 race at Keeneland, 10.5f ALW route, finished 10th (-26.35 BL) — catastrophic form collapse at route distance. Lightly raced with insufficient data on route/distance durability. 31-day gap before today suggests incomplete fitness recovery. High bounce risk elevated.

Unlimited Gold — DECLINING FORM TRAJECTORY: Speed figures trending down (68→66→57 across three recent races). Trainer O'Dwyer: 6% claiming win rate (0.56 ROI) — well below field baseline. Distance stretching (8f MCL last out, today 8.5f) compounds vulnerability. Regression risk high.

Seek and Find — SEVERE FORM COLLAPSE: Last race 09/19/2026 (6 days ago), finished 6th at -46.00 BL, "Sent inside, done early." Trainer 0% in claiming (0% ROI). Form volatility extreme. Unless dramatic trainer intent signal present (none documented), regression continues.

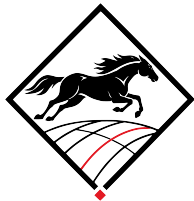

SECTION 6: SUGGESTED BETS

WIN BET: LOST CHORD — Confidence 7/10 — Target odds: 3-1 to 5-1

The model projects 28% win probability — highest in the field. Elite Sustained Speed Rating and proven 8.5f MCL Keeneland expertise position this filly as the field's most reliable winner at this exact distance and classification. Recent 09/18 victory at identical conditions (8.5f MCL Keeneland) validates class edge and stamina profile. HOT pace scenario favors early-foot advantage; Lost Chord will control or press pace from gate.

Value Assessment: NO VALUE — 4-5 morning line implies 55.6% win probability, significantly overstating model projection (28%). Public has heavily steamed this horse on consecutive wins; edge = -27.6%.

Significant underlay. Recommend passing or minimal exposure despite solid win probability.

VALUE PLAY: MOTOWN SOUND — Confidence 8/10 — Target odds: 4-1 to 6-1

The model projects 24% win probability at projected 4-1 to 6-1 odds (12.9% edge). Elite recent form (won 09/24 at identical distance/class), exceptional trainer claiming route metrics (30% win, 4.49 ROI), and STRONG Sustained Speed Rating position Motown Sound as the field's secondary elite performer. Morning line 8-1 significantly undervalues this filly's credentials. Overlay of +12.9% represents exceptional value. Win without the public premium on Lost Chord's form.

LONGSHOT PLAY: *None qualify* — No horse at 10-1 or higher shows genuine overlay based on model metrics.

Multi-Race Wagers — Pick 3/4/5/6 Top 3:

- **A: LOST CHORD** — 28% (*matches Win Bet selection*)
- **B: MOTOWN SOUND** — 24%
- **C: LEXICO** — 10%

Combined Projected Probability: 62%

SECTION 7: CONFIDENCE RATING

★★★★ (Four Stars)

The model projects a **HOT early pace scenario** driven by Lost Chord and Motown Sound elite early speed. Lost Chord holds the field's highest win probability (28%) and ELITE Sustained Speed Rating, validating dominance at this exact distance and condition. However, massive public underlay (-27.6% edge) at 4-5 morning line signals severe overbet status on recent consecutive wins. **Primary value opportunity: MOTOWN SOUND at secondary odds (8-1 projected 4-1 to 6-1)** represents 12.9% edge — solid overlay with legitimate 24% win probability, exceptional trainer claiming route record, and STRONG sustained speed profile. Public mistake to exploit: overweighting Lost Chord's recent form while undervaluing Motown Sound's elite trainer metrics and identical distance success.
