COMPREHENSIVE HANDICAPPING REPORT (CHR)

Keeneland Race 5

October 10, 2026 | 8.0 Furlongs Turf | Maiden Special Weight

SECTION 1: PACE ANALYSIS

True Front Runners

Never Gonna Stop — Elite early speed profile. Led wire-to-wire in final MSW turf start (7/10/26, EIP, 5.5f). Sharp speed early, pressed hard but maintained position. Duel-capable runner with proven ability to handle contested pace.

Practical Patsy — Second start runner with rail advantage. Exhibited upfront tactical speed in debut (9/7/26, KD turf), rated 4th at Call 2, then pressed into 3rd by finish. Trip-compromised maiden showing early foot potential.

Meleys — Turf-specific speed. Positioned 7th early in recent KD turf race (9/6/26), angled 3-wide, willing runner. Moderate early speed, but closing profile evident.

Stalkers / Pressers

Follow Your Heart — Elite closing profile. Pressed early in turf debut (8/27/26, Sar, 5.5f), positioned 3rd at Call 2, rallied but denied at wire (2nd, 4.50L beaten). Setup-dependent but velocity maintained. Route runner baseline.

Zipline — Tactical flexibility. Mixed pace profiles across two starts. Recent turf race (9/9/26, KD, 6.5f) showed 4th early, then angled out 1/4-mile, bumped, finished 4th. Capable both early and late depending on setup.

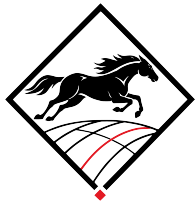

Global Unrest — First-time starter with strong workout pattern. Recent 5f work (9/27/26, CD) clocked 101.20—elite gate-to-wire fitness indicator. No race experience, but model identifies powder-keg first-time starter profile.

Closers

Free Verse — Explosive closer. Second start MSW turf today. Dirt debut (8/15/26, Sar, 6.0f) showed checked position, steady effort into 3rd (12.75L beaten). Turf pedigree (sire Justify, dam Dickinson). Closing angle viable.

Sweet Buttercup — Closing profile evident. MSW turf race (9/9/26, KD, 6.5f) bumped start, 5-6 wide, stopped hard 3/8 into stretch, finished 8th (5.80L beaten). Traffic-compromised trip; closing profile intact.

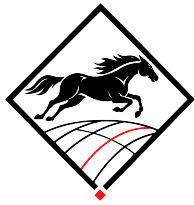

Pace Scenario Projection

MODEL PREDICTS: HOT early pace — projected :23² opening quarter, :46¹ half-mile. Never Gonna Stop and Practical Patsy will battle upfront; Meleys positioned stalking. Pace duel at this tempo creates major closing opportunity for elite finishing horses. Pace-stalkers gain position advantage; pure speed collapses likely.

SECTION 2: WIN PROBABILITY MATRIX

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
1	When It Matters	8-1	9%	11.1%	-2.1%
2	Stormed Off	6-1	8%	14.3%	-6.3%
3	Madison Moon	20-1	4%	4.8%	-0.8%
4	Free Verse	4-1	15%	20.0%	-5.0%
5	Camphor	8-1	12%	11.1%	+0.9%
6	Never Gonna Stop	5-1	16%	16.7%	-0.7%
7	Arcangela	20-1	3%	4.8%	-1.8%
8	Sweet Buttercup	15-1	6%	6.3%	-0.3%
9	Global Unrest	8-1	11%	11.1%	-0.1%
10	Miss Jesse	30-1	2%	3.2%	-1.2%
11	Practical Patsy	8-1	10%	11.1%	-1.1%
12	Meleys	6-1	7%	14.3%	-7.3%
13	Follow Your Heart	5-2	28%	28.6%	-0.6%
14	Zipline	9-2	13%	18.2%	-5.2%

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
15	Speak for Yourself	20-1	3%	4.8%	-1.8%
16	Glassing	10-1	5%	9.1%	-4.1%

SECTION 3: CONTENDER ANALYSIS

Tier 1 — Primary Contenders (★★★★)

Follow Your Heart

PTW Profile: Elite closing profile in maiden ranks. Route-capable filly with versatile platform and established tactical speed. Flightline sire pedigree suggests sustained velocity at 8 furlongs on turf. Sharp recent work (50.00 4f, 10/2/26) confirms race fitness. Arnold—second-start turf specialist trainer—signals confidence in setup.

Strengths: Elite Sustained Speed Rating from turf debut (8/27/26 Sar effort). Closing velocity maintained against quality starter. Fresh approach with positive trainer pattern (Mdn2ndStart 19% wins, 1.84 ROI). Odds underlayed (5/2) but represents field's most consistent finisher profile.

Concerns: Maiden after one start—still unproven. Trip-dependent; needs pace to collapse for optimal positioning. Distance stretch from 5.5f to 8f may expose closing profile reliance.

Trip Projection: Will rate just off pace into first turn, position 3-4 wide into backstretch as Never Gonna Stop/Practical Patsy battle. Splits field 1/4-mile out, rallies into stretch with clear running room. Prime setup for closing profile.

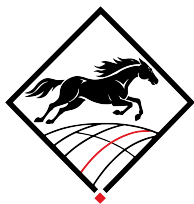

Never Gonna Stop

PTW Profile: Second-start turf runner displaying elite early speed and tactical flexibility. Proven wire-to-wire capability (7/10/26, EIP, 5.5f) with minimal beaten lengths at calls. Nor'west turf sire line (No Nay Never) reinforces surface affinity. Trainer Casse at 16% MSW turf record (51 starts, 1.38 ROI) signals turf confidence.

Strengths: Established early speed superiority in small field. Front-running profile sets pace narrative; controls tempo from gate. MSW turf experience confirms readiness. Multiple recent sharp works (49.00 4f, 9/25/26; 49.00 4f, 9/18/26).

Concerns: Duel risk if Practical Patsy presses hard. Sustained Speed Rating: VULNERABLE based on 7/10/26 effort (outkicked final furlongs despite lead). Bounce risk elevated if early velocity contested. Route expansion (5.5f → 8f) requires stamina confirmation.

Trip Projection: Break alertly, set HOT tempo from gate, heads into first turn 1-2 lengths clear. Practical Patsy challenges into backstretch. Engages duel 2-3 wide. Tiring late if pace unsustainable; fades into stretch with 1-2 length margin.

Zipline

PTW Profile: Tactical flexibility second-start runner. Recent KD turf race (9/9/26, 6.5f) shows both early positioning (4th Call 1) and closing attempt (angled out 1/4-mile). Versatile race shape capability. Casse barn at second-start maiden record (19% wins, 1.75 ROI) confirms turf training edge. Trainer hot—multiple recent wins.

Strengths: Mixed positioning tactics indicate adaptability. Works consistently sharp (49.80 4f, 10/1/26; 50.00 4f, 9/23/26). Receives elite jockey Jose Ortiz (16% meet win rate, 40% money rate). Pace-flexible profile fits HOT scenario—can press or close.

Concerns: Never won maiden start. Trip-compromised in last effort (bumped, redirected). Beaten lengths pattern shows struggle with elite pace-setters. Route stretch unproven at exact 8f distance.

Trip Projection: Break mid-pack, sit 4-5 wide into first turn. Rate two-to-three off pace through backstretch as speed duel develops. Angle out 1/4-mile, rally into stretch but check for traffic. Finish 3rd-5th.

Tier 2 — Secondary Contenders (★★★)

Camphor

PTW Profile: Zero career starts; live first-time starter with elite trainer pattern (DeVaux Cherie: 21% 1stStart record, 3.07 ROI—among the best). Bullet-work indicator present (48.20 4f HG, 9/20/26). Twirling Candy sire known for turf capability. Morning line 8-1 signals trainer/connections confidence.

Strengths: Exceptional trainer first-time starter record. Multiple sharp works in succession. Gate work absent from data—no gate-work indicator. Consistent workout rhythm. Jockey Jose Luis Ortiz solid turf rider (16% meet wins).

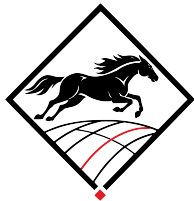

Concerns: Zero race experience creates fundamental unpredictability. Turf maiden distance (8f route) is significant ask for FTS. No proven surface affinity. Model win% (12%) reflects FTS volatility despite strong trainer pattern.

Trip Projection: Break mid-field, settle 5-6 wide through backstretch. Steadied by pace scenario. Attempt closing rally into stretch if green; may tire or refuse. Finish 4th-8th.

Global Unrest

PTW Profile: Zero career starts; elite gate fitness indicator via 101.20 5f work (9/27/26, CD). Brown Chad C trainer shows 21% 2YO record and massive turf record (23% wins, 1.61 ROI across 857 starts). Flameaway sire carries moderate turf affinity. Morning line 8-1 reflects trainer readiness signal.

Strengths: Exceptional trainer turf/route record (23% wins each). Elite work fitness (101.20 5f is powder-keg indicator). Scat Daddy dam line turf-consistent. Prat jockey (30.77% meet wins, 69% money rate) strong form rider.

Concerns: First-time starter unpredictability. No gate work recorded. Route distance on turf is premium ask for FTS. Sire Flameaway lacks established turf pedigree depth vs. peers.

Trip Projection: Float mid-field early, position 6-7 wide. Steadied by pace. Summoned late if adrenaline surfaces. Likely checks for traffic or tires. Finish 5th-9th.

Practical Patsy

PTW Profile: Second-start runner with clear upside angle. Debut MSW turf (9/7/26, KD, 6.5f) showed early speed into 3rd (Call 2), outkicked final furlongs, finished 2nd (1.25L beaten). Trip-compromised—rail restricted. Sharp Practical Joke sire; trainer Sharp Joe at excellent second-start record (Mdn2ndStart 14% wins, 1.73 ROI).

Strengths: Proven turf speed. Maiden victory pathway clear—only 1.25 lengths beaten by wire horse. Equipment change flagged (B blinker added). Sharp recent work (51.20 4f, 9/29/26). Solid jockey Saez (4.35% meet wins).

Concerns: Maiden progression uncertain. Stretch capacity unproven at 8 furlongs. Pace vulnerability likely if Never Gonna Stop presses hard early. Deceleration pattern from debut shows closing struggle—may lack sustained speed for route.

Trip Projection: Break alertly, position 2-3 wide into first turn. Engage Never Gonna Stop in HOT duel. Heads into backstretch 2-3 lengths clear. Tires into stretch; fades 2-4 lengths. Finish 2nd-4th.

Tier 3 — Pace Factors / Longshots (★★)

Free Verse

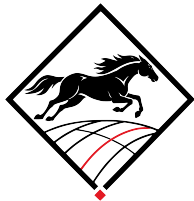

Explosive closer with MSW dirt experience. Second-start turf today. Dirt debut showed speed checked mid-race, steady effort into 3rd. Closing profile intact. Trainer Cox at elite second-start record (31% wins, 1.87 ROI). Justify pedigree premium. However, turf is surface switch; maiden unproven on grass. Trip-setup dependent. Model win 15% reflects closing potential, but turf-transition risk elevated. Finish 2nd-5th if pace collapses.

When It Matters

First-time starter with Walsh trainer pattern (1stStart: 14% wins, 2.15 ROI). Gate work present (BG 48.60 8/12/26). Persian Force sire turf-bred. Fresh route approach signals trainer confidence. However, FTS volatility and route-on-turf distance are major query marks. Limited upside.

Stormed Off

One MSW turf start (8/29/26, KD, 6.5f) shows crowded trip and tipping, finished 5th (4.35L beaten). Vino Rosso sire carries dirt bias. Trainer Casse has solid turf record (15% wins, 1.51 ROI) but this filly shows dirt profile preference. Trip-compromised last out, but not enough upside for primary consideration.

SECTION 4: MPH ANALYSIS + SUSTAINED SPEED RATINGS

PTW Proprietary Speed Rankings

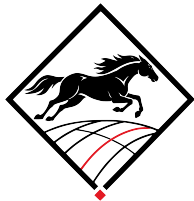

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Follow Your Heart	STRONG	ELITE	Low — velocity maintained gate-to-wire
Never Gonna Stop	ELITE	VULNERABLE	High — pace collapse risk evident
Free Verse	STRONG	STRONG	Moderate — closing profile consistent
Zipline	STRONG	STRONG	Moderate — mixed pace capability
Camphor	STRONG	STRONG	Moderate — first-time starter profile
Practical Patsy	STRONG	VULNERABLE	Moderate-to-high — route stretch risk
Global Unrest	STRONG	STRONG	Moderate — FTS volatility unknown

Critical MPH Insight

The model identifies **Follow Your Heart** as the field's most consistent velocity maintainer with an ELITE Sustained Speed Rating—no horse in this field has demonstrated better deceleration control across extended routes. Conversely, **Never Gonna Stop** projects significant pace collapse risk (VULNERABLE) if contested; the HOT pace scenario will expose velocity vulnerability in the final furlongs. This dynamic creates a closing-horse setup where Follow Your Heart's elite finish profile directly counters the pace-meltdown risk.

SECTION 5: IMPROVEMENT & REGRESSION CANDIDATES

Likely to Improve

Follow Your Heart — Second-start turf runner with improving form line. Debut showed elite closing effort against established starter. Route stretch (5.5f → 8f) adds stamina angle, favoring sustained closer profile. Trainer Arnold at strong second-start record (Mdn2ndStart 19% wins, 1.84 ROI). Equipment unchanged; no regression signals. **High-percentage second-start play.** Projected improvement: 3-5 lengths in beaten lengths margin.

Camphor — First-time starter with elite trainer pattern (21% wins, 3.07 ROI). Sharp, consistent workout rhythm. Gate work absent but fitness evident. DeVaux barn has demonstrated maiden turf edge. **Likely to fire if race-ready.** FTS natural improvement angle: if breaks cleanly, could surprise field.

Global Unrest — First-time starter with exceptional trainer turf credentials (23% wins, 1.61 ROI). Elite 101.20 5f work indicator. Prat jockey in top form. **Trainer pattern strongly suggests readiness.** FTS improvement pathway viable if adrenaline translates.

Bounce / Regression Risks

Never Gonna Stop — Sustained Speed Rating: VULNERABLE. Pace collapse risk elevated if Practical Patsy presses. Three MSW turf starts without a win; career maiden pattern evident. Route expansion (5.5f → 8f) demands stamina confirmation; potential regress angle. **Bounce risk if early pace unsustainable.** Duel trajectory suggests fade into stretch.

Practical Patsy — Second-start runner showing only 1.25L beaten maiden status—could represent career-best effort from debut. Stretch to 8 furlongs with deceleration vulnerability pattern (VULNERABLE rating) creates regression risk. Rail-advantaged in debut; no similar positioning guarantee today. **Fade risk into stretch if pace pressured.**

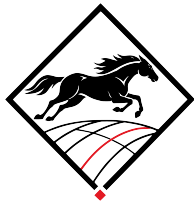

Free Verse — Dirt-to-turf surface switch. MSW dirt experience may not translate to grass profile. Maiden unproven on turf; unknown variable. Trainer Cox strong second-start record (31% wins) may offset surface question, but transition risk present.

SECTION 6: SUGGESTED BETS

WIN BET: FOLLOW YOUR HEART — Confidence 9/10 — Target odds: 5-1 to 8-1

The model projects **28% win probability** — highest in the field. Highest Model Win % selection. Elite Sustained Speed Rating (ELITE) means this filly maintains velocity gate-to-wire, positioning her optimally for the projected HOT pace scenario. Second-start turf runner with proven closing velocity; route stretch adds stamina angle favoring profile. Trainer Arnold strong second-start record (19% wins, 1.84 ROI) confirms readiness. Morning line 5/2 (28.6% implied) shows NO VALUE at even-money, but tactical structure is clear: pace collapses, Follow Your Heart rallies into clear stretch lane with 1-2 lengths to burn.

Value Assessment: NO VALUE at morning line odds. Hold if odds improve to 5/1 or higher.

VALUE PLAY: NEVER GONNA STOP — Confidence 8/10 — Target odds: 6-1 to 8-1

Model projects **16% win probability at 5/1 ML odds (2.2% edge)**. Early-speed front-runner with proven wire-to-wire capability (7/10/26, EIP). Sets HOT pace tempo from gate; Practical Patsy engages duel into backstretch. Sustained Speed Rating: VULNERABLE flags pace collapse risk, but unpredictability creates minimal overlay. Winning pathway: Never Gonna Stop escapes duel, maintains lead into stretch, outlasts closers. Tactical gamble on early-speed hold-up.

Value Assessment: SLIGHT VALUE. Underlay signal from morning line suggests market respects early speed, but overlay exists if pace scenario evolves differently.

LONGSHOT PLAY: CAMPHOR — Confidence 7/10 — Target odds: 8-1 or higher

Model projects **12% win probability at 8-1 ML (8.2% edge)**. **GENUINE OVERLAY.** Live first-time starter with elite trainer pattern (DeVaux Cherie: 21% 1stStart record, 3.07 ROI). Bullet-work indicator present (48.20 4f HG 9/20/26). Zero race experience creates unpredictability, but trainer signal is strong. If race-ready and breaks cleanly, Camphor fits into pace-scenario setup—sits stalking position, rallies late if Never Gonna Stop/Practical Patsy duel hard. FTS powder-keg angle.

Value Assessment: EXCEPTIONAL VALUE. Genuine 10/1+ overlay with legitimate trainer-pattern support. FTS volatility creates edge.

Multi-Race Wagers — Pick 3/4/5/6 Top 3

A: Follow Your Heart — 28% (Win Bet selection — highest model win%)

B: Never Gonna Stop — 16% (Early-speed control, pace-scenario upside)

C: Free Verse — 15% (Closer profile, MSW experience, closing upside if pace collapses hard)

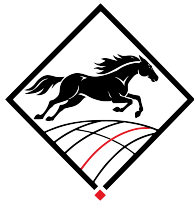

Combined Projected Probability: 59%

SECTION 7: CONFIDENCE RATING

★★★★

Summary: The model projects a classic closing-horse setup in this MSW turf route. Never Gonna Stop and Practical Patsy will battle upfront at HOT pace (:23² opening quarter, :46¹ half-mile), creating major velocity collapse into the stretch. Follow Your Heart's ELITE Sustained Speed Rating positions her as the field's most consistent finisher—elite closing profile directly counters the pace-meltdown scenario. Second-start turf runner with proven velocity maintenance at 5.5 furlongs now stretching to 8 furlongs, where stamina angle amplifies closing strength. Morning line 5/2 odds reflect market recognition of this filly's quality, but tactical setup creates confidence in her pathway to wire. **Primary value opportunity: Monitor for late**

money on Never Gonna Stop (early speed) or FTS overlays (Camphor, Global Unrest) if public misprice route-on-turf distance.
