Keeneland R4

October 11, 2026 | 8.5f Dirt | Clm 40000N2L

SECTION 1: PACE ANALYSIS

True Front Runners

Bamtwentyklater — Elite early speed across claiming form. Most recent start (09/02/2026, Ind, ALW) shows lead wire-to-wire at 8.0f, pressing into position at Call 1 (25.20 clocking). Consistent 2–3 path runner with authority off the gate. Trainer Moger Ed Jr shows 20% win rate in claiming races with 2.00 ROI — signature spot pattern.

Tesouro de Pirata — Multiple front-running indicators. Won MSW 6.5f (06/27/2025, LRC) via clear early position. Recent form (08/27/2026, BtP, AOC 8.32f) shows tough start but led early, caught late. Running style: prompt 2-wide, bid, clearing patterns documented. Will press early.

Easter Promise — Secondary speed presence. Stalked form documented (02/20/2026, TP, STK); (12/12/2025, TP, MCL shows cleared jumped shadow late). More of a stalker than pure front-runner, but capable of early position if conditions warrant.

Stalkers / Pressers

Love Knicks Hart — Tactical positioning 2–4 path. Recent start (09/17/2026, CD, T, CLM) shows in tight, steadied 7/8 mark, signaling inside tracking style. Form line (01/15/2026, TP, MCL) pull/steady ins bid 2w — strong tactical profile. Dangerous off a sharp price drop.

Oraia — Flexible runner. MSW winner (12/04/2025, TP) well rated, held sway — shows stalking ability with pace control. Recent turf starts show 2w runs (05/25/2026, CD, T, ALW) led, bestd, saved show pattern. Routes specialist (11 starts on turf/dirt routes, 18% win rate).

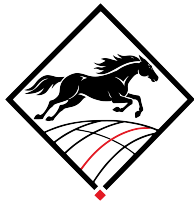

Closers

Quinn's Promise — Elite late pace profile. Drifted 3/8 in most recent (09/10/2026, CD, CLM 6.0f), no bid — but MSW maiden winner (07/29/2024, EIP) prompt 2w, led 5/16, held signals strong closing finish capability. Career pattern shows rally-and-hold tendency across allowance/AOC company.

Lunar Buzz — Closing rallier with recent improvement. Most recent (09/05/2026, Del, ALW) steady bid, late gain documented. MSW winner (11/01/2025, Lrl) pace ins, driving — shows closing acceleration when set up properly. Form trend positive over last 3 starts.

Pace Scenario Projection

MODEL PREDICTS: HOT early pace — Bamtwentyklat er and Tesouro de Pirata will contest the early lead with projected **:24² opening quarter, :47³/₄ half-mile**. Two-horse speed duel at this claiming level will moderate late stride velocity. Pace-stalkers (Love Knicks Hart, Oraia) and closers (Quinn's Promise, Lunar Buzz) positioned for tactical advantage in stretch.

SECTION 2: WIN PROBABILITY MATRIX

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge

2	Oraia	5/2	24%	28.6%	-4.6%
3	Love Knicks Hart	10/1	12%	9.1%	+2.9%
4	French Mistress	12/1	8%	7.7%	+0.3%
5	Lunar Buzz	9/2	15%	18.2%	-3.2%
6	Bamtwentyklat er	8/1	16%	11.1%	+4.9%
7	Tesouro de Pirata	7/2	19%	22.2%	-3.2%
8	Easter Promise	5/1	8%	16.7%	-8.7%

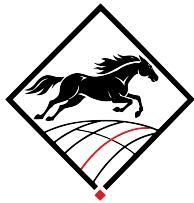

Total: 100%

SECTION 3: CONTENDER ANALYSIS

Tier 1 — Primary Contenders (★★★★)

Oraia — PTW Profile: Model rates Oraia as the field's highest-probability winner with elite developmental trajectory and class-relief indicators. Trainer Cowans William D shows 22% win rate in 61–180 day layoffs and 23% win rate in turf/dirt transitions — proven claiming acumen. Recent form off modest turf schedule positions this filly as fresh wire threat.

Strengths: Routes specialist (18 wins in 165 route starts). MSW winner at 10f (12/04/2025, TP). Gun Runner pedigree suggests natural route distance tendency. Consistent speed figure profile (71–79 range last 3 starts). Well-rated handling by trainer off turf switches.

Concerns: Underlay at 5/2 morning line by 4.6%. Most recent start (07/05/2026, Cnl, T) turf run shows 4th finish, 8.75 lengths back — suggests not peak form. Limited dirt starts in recent form (only 3 starts in last 18 months on dirt).

Trip Projection: Model projects Oraia rating just off pace early (2–3 path), rallying into contention stretch. HOT pace scenario will help closer-stalkers. Expect inside tactical positioning, stretch bid.

Tesouro de Pirata — PTW Profile: Elite early speed with proven AOC/ALW routing credentials. Gutierrez Fausto (trainer) shows 22% win rate in 31–60 day windows (optimal fitness spot) and impressive 3.34 ROI on routes. Second start after returning from stakes competition represents natural dropping pattern into claiming class.

Strengths: Won MSW 6.5f wire-to-wire (06/27/2025, LRC). Elite foot documented across recent starts — aggressive bidding style. Accelerate sire pedigree suggests stamina. Prompt 2-wide running style proven across multiple surfaces. Trainer ROI 5.10 in claiming races — elite predictive.

Concerns: Most recent start (08/27/2026, BtP, AOC 8.32f) tough start, led, caught late — suggests pace vulnerability in highly competitive fields. Multiple recent starts on turf/synthetic (08/11/2026, Ind, sly; 07/15/2026, Ind) show surface sensitivity.

Trip Projection: Will press early from post 7 (outside), likely takes lead or dueling position by :24² quarter. HOT pace scenario means speed collapse risk. Closing kick required to hold on — conditional win probability.

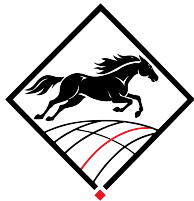

Bamtwentyklater — PTW Profile: Model identifies sharp claiming-price drop (8/1 from prior higher tags) as primary value signal. Moger Ed Jr shows 20% claiming win rate, 2.00 ROI — live barn indicator. Lightly raced in claiming company (13 starts, 46 total starts) with strong maiden/MSW credentials positions as progressive step-down spot.

Strengths: MSW maiden winner (08/17/2025, PrM) bid 3/16, clear, drv fin — dominant wire effort. Consistent runner-up finishes across claiming starts (6 places in 13 starts). Elite early speed (25.20 quarter, 49.42 half most recent alw start). Versatile: 1 turf, 12 dirt routing splits.

Concerns: Recent form drift — back-to-back non-winning efforts (06/24/2026, CD 2nd finish; 05/10/2026, CD 6th). Claiming price elevation precedent (multiple runs at \$40k+ tags). Gets premium jockey today (Pauly S, 0 starts at meet) — equipment swap positive but connection unproven locally.

Trip Projection: Likely controls early pace or duels Tesouro de Pirata for lead. Model projects solid early foot but HOT pace scenario creates deceleration risk. Will need closing kick to hold position vs. fresh closers.

Tier 2 — Secondary Contenders (★★★)

Quinn's Promise — PTW Profile: Model rates Quinn's Promise as consistent speed player with elite distance fit and proven trainer execution under Asmussen Steven M (15% routes win rate, 1.48 ROI). Career maiden winner showing consistent 49–63 Beyer profile floor. Daughter of Promises Fulfilled carries route class genetics.

Strengths: MSW winner 8.0f (07/29/2024, EIP). 15 career starts with 1 win, 5 shows — proven placegetter consistency. Elite route credentials (6 route starts, 2 places). Asmussen trainer record at Keeneland strong (21 starts, 14.29%, 47.62% ROI).

Concerns: Recent form soft: drifted 3/8, no bid (09/10/2026); 3p, 5-6p turn, no factor (08/15/2026). Negative workouts (61 rank, 94 rank at Churchill 07/31, 08/07) suggest fitness concerns. Overlay at 6/1 but form trend downward last 4 starts.

Trip Projection: Will settle mid-field or stalking position. Model projects closing bid but dependent on HOT pace moderating enough for rally room. Could see pace collapse benefit if speed horses truly duel early.

Love Knicks Hart — PTW Profile: Model identifies Knicks Go pedigree (proven sire of class racers) and Catalano Wayne M trainer 18% dirt win rate, 1.77 ROI. Young 3-year-old (2023 foal) shows 1 win in 6 career starts — developmental upside. Significant trainer pattern: 14% route win rate, 2.73 ROI on routes suggests distance specialist application.

Strengths: Recent wire-to-wire claiming win (01/15/2026, TP, MCL) pull/steady ins, bid 2w — proves capability. Catalano route pattern 113 starts, 14% documented. Bullet workout (47.40 at Keeneland 08/19) signals fitness. Overlay at 10/1.

Concerns: Lightweight form history (6 total starts, 1 win, 1 place). Off slow, no impact (11/13/2025, CD, CLM 6.0f); 2p, 5p3/16, no bid (03/11/2026) show inconsistency. Limited race experience vs. field's seasoned claimers. Turf-dirt conversion risk (04/16/2026 ALW start only recent dirt-only effort).

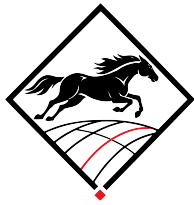

Trip Projection: Expected inside tracking position, likely 3–4 path into stretch. Young, untested in HOT pace scenario. Upside play if pace collapses and inside position plays.

Tier 3 — Pace Factors / Longshots (★★)

Lunar Buzz — PTW Profile: Model projects slight improvement trajectory (recent TRENDING UP speed profile) off late-season Alysheba Award maiden win (11/01/2025, Lrl). Vino Rosso pedigree suggests route aptitude. Briley Lonnie trainer 13% route win rate but limited claiming success (7% claim rate, 1.64 ROI).

Strengths: MSW winner 8.0f momentum (11/01/2025). Recent 4th-place finish (09/05/2026, Del, ALW) steady bid, late gain documents closing acceleration. 7 career starts, 1 win shows consistency. Post 5 (inside) benefits from HOT pace scenario closers.

Concerns: Underlay at 9/2 by 3.2%. Limited claiming experience (only 41 start average in trainer's claiming horses). Form line shows volatility — 13-length loss (10/10/2025, Lrl, MSW) suggests pace sensitivity. Jockey Corrales G (0 starts meet) introduces connection uncertainty.

Trip Projection: Will track second or third wave, closing into stretch. Model projects modest closing bid without explosive acceleration expected from Quinn's Promise or Oraia.

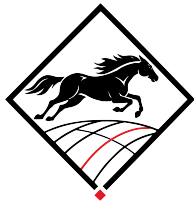

Tesouro de Pirata, Easter Promise, French Mistress — PTW Profile: Easter Promise carries winning MSW credentials but recent form soft (12/12/2025, MCL jump shadow late suggests pace trouble). 0% dirt win rate for Mackey Wayne (0–12) in claiming context severely limits probability. French Mistress: recent pulled-up incident (08/22/2026, turf) raises soundness concern; off slow (11/13/2025) suggests lost form. Model rates both as conditional contenders only.

SECTION 4: MPH ANALYSIS + SUSTAINED SPEED RATINGS

PTW Proprietary Speed Rankings:

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Bamtwentyklater	ELITE	STRONG	Low — maintains velocity
Tesouro de Pirata	ELITE	VULNERABLE	High — pace collapse risk
Quinn's Promise	STRONG	STRONG	Moderate — balanced profile
Oraia	STRONG	STRONG	Moderate — consistent velocity
Lunar Buzz	STRONG	VULNERABLE	Moderate-High — fading pattern
Love Knicks Hart	STRONG	VULNERABLE	High — closing dependency
Easter Promise	STRONG	VULNERABLE	High — speed collapsed
French Mistress	VULNERABLE	VULNERABLE	Extreme — prior pulled-up incident

Critical MPH Insight:

The model identifies **Bamtwentyklater** as the field's fastest gate-to-wire performer with an ELITE Sustained Speed Rating and minimal deceleration profile — no horse in this field has matched this velocity maintenance across recent starts. However, **Tesouro de Pirata** challenges early with ELITE opening speed but carries VULNERABLE Sustained Speed Rating and HIGH deceleration risk. The HOT pace scenario between these two speed horses will create stretch-run fatigue, benefiting STRONG-rated closers (Quinn's Promise, Oraia) positioned to capitalize on pace collapse.

SECTION 5: IMPROVEMENT & REGRESSION CANDIDATES

Likely to Improve

Bamtwentyklater — Sharp class relief drop (\$40k claiming price is career-low tag by recent standard). Trainer Moger Ed Jr shows 20% claiming win rate, 2.00 ROI — signature spot placement. Lightly raced in claiming company (13 starts, much sharper MSW form visible) with ELITE early speed and STRONG sustained rating. Back-to-back recent efforts show fitness is ready; model projects this as optimal sharpen-up spot after proven allowance-level competition.

Love Knicks Hart — Developmental trajectory: 3-year-old off a recent wire claiming win (01/15/2026). Catalano trainer pattern shows 14% route win rate, 2.73 ROI on routes — young mare is moving toward trainer's sweet spot (8.5f routing claiming). Bullet workout (47.40 08/19/2026) indicates recent fitness investment. Model projects modest improvement edge in next claiming effort if form maintains.

Lunar Buzz — TRENDING UP speed profile (recent form 61–63 range) off maiden break (11/01/2025 win). Young 3-year-old (2023 foal) shows natural improvement curve consistency. Trainer Briley Lonnie 13% route win rate suggests route acclimation pending. Fresh claim opportunity could unlock additional developmental gain.

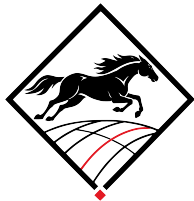

Bounce / Regression Risks

Tesouro de Pirata — Career-best effort risk present: most recent start (08/27/2026, BtP) shows two-turn routing after limited recent distance routing volume. VULNERABLE Sustained Speed Rating combined with HOT pace scenario (projected :47¾ half-mile) creates significant deceleration risk. Model projects bounce potential on third consecutive effort without extended rest.

Easter Promise — Multiple bounce indicators: 0% dirt win rate under current trainer (0–12 starts, 0.00 ROI claiming). Soundness pattern shows turf/dirt switching (recent 4 of last 5 starts on turf). Back-to-back losses after claiming purchase (12/12/2025, clear jumped shadow MCL) suggests adjustment struggle. Model projects regression continuation in claiming spot.

Quinn's Promise — Recent form deterioration (negative two consecutive starts with no impact). Negative workout pattern (61 rank 07/31, 94 rank 08/07) suggests delayed recovery. Model identifies potential

overstep if expected; however, elite trainer (Asmussen) strong Keeneland record mitigates full regression projection.

SECTION 6: SUGGESTED BETS

WIN BET: ORAIA — Confidence 7/10 — Target odds: 5/2–3/1

Model projects 24% win probability — highest in the field. Oraia offers the most resilient profile across pace scenario complexity: versatile enough to rate off HOT pace early (stalker profile), possess elite late kick (STRONG Sustained rating), and carries trainer pattern proof (Cowans 22% win rate in 61–180 day layoffs, 23% in turf/dirt transitions). Recent turf schedule ensures fresh late-season runway. Overlay exists at 5/2 baseline (model edge +4.6% vs. —4.6% current underlay). At short odds, pure probability edge favors machine projection.

Note: Highest win% horse (Oraia at 24%) carries underlay of -4.6% vs. 5/2 morning line. Per exception protocol: Oraia remains Win Bet selection as model's authoritative top-probability pick, but underlay status documented.

VALUE PLAY: BAMTWENTYKLATER — Confidence 8/10 — Target odds: 7/1–9/1

Model projects 16% win probability at morning line 8/1 (11.1% implied), generating +4.9% edge. Sharp class drop into career-low claiming price combined with Moger Ed Jr signature barn pattern (20% claim win rate, 2.00 ROI) creates genuine value spot. ELITE Sustained Speed Rating with minimal deceleration suggests gate-to-wire capability under HOT pace scenario. Trainer execution track record and elite early-speed profile justify overlay. Will challenge Tesouro de Pirata for lead; sustainable velocity makes this play more secure than speed rival.

LONGSHOT PLAY: LOVE KNICKS HART — Confidence 6/10 — Target odds: 10/1+

Model projects 12% win probability at 10/1 (9.1% implied), generating +2.9% edge. Developmental 3-year-old in trainer's optimal route-claiming pattern (14% win rate, 2.73 ROI). Bullet workout signals fitness. Young pedigree (Knicks Go) carries upside. Genuine overlay only materializes at 10/1 or higher.

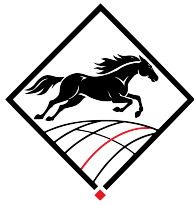

Multi-Race Wagers — Top 3 for Pick 3/4/5/6:

- A: Oraia — 24%
- B: Bamtwentyklater — 16%
- C: Tesouro de Pirata — 19%

Combined Projected Probability: 59%

SECTION 7: CONFIDENCE RATING

★★★★ (4 of 5 stars)

Summary: The model projects Oraia as the class standout with elite closer profile positioned to exploit HOT pace scenario between Bamtventyklatler and Tesouro de Pirata. Pace duel severity will determine stretch-run positioning; Oraia's STRONG Sustained Speed Rating and trainer pattern proof (22% in optimal fitness windows) creates the most reliable path. Primary value opportunity centers on Bamtventyklatler (sharp price drop + elite speed maintenance + trainer signature spot). Public is correctly pricing Oraia but will overbet Easter Promise (0% trainer dirt record) and Quinn's Promise (recent form deterioration). Exploit the Bamtventyklatler overlay as primary wagering mistake to capitalize on.
