Keeneland R8

October 14, 2026 | 8f Turf | Allowance 120000N1X

Section 1: Pace Analysis

True Front Runners

The model identifies three legitimate early speed threats in this field. **Lit Ship** has consistently pressed pace or led in recent turf efforts (winning 09/10/2025 at KD off-rail, leading early 08/30/2026 at KD). **Tramuntana** showed early foot in her MSW win 08/04/2026 (duel to 5/8), and **My Stubborn Lassie** has stalked or dueled early in recent turf routes (ALW at EIP 07/24/2026, MSW at CD 09/28/2025). These three will likely battle for position early.

Stalkers / Pressers

No Other Like You is a natural stalker — she consistently runs 2-3 wide off the pace in turf routes (led inside 11/09/2025, stalked 2w 06/08/2025, 05/24/2025 inside pace). **Raconteuse** also rates well — she's shown patience in turf routes, stalking 2w or settling inside before rallying (won 08/08/2026 STR splitting 3w, stalked 2w 06/21/2026 CLM).

Closers

Neenah is a pure closer who saved ground repeatedly on turf (10/25/2025 OCL forced pace 4-1/2 and dueled, 06/21/2026 CLM bid upr from stalking position). **Fiery Lucy** showed late rally finishing 3rd at KD 09/07/2026 after moving 5 wide in upper stretch. **Temple Goddess** has closing profile but limited turf experience—she's shown rally ability in dirt routes but struggles with patience in grass fields.

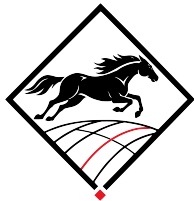

Pace Scenario Projection

MODEL PREDICTS: HOT early pace with three legitimate speed horses (projected :22² opening quarter, :46¹ half-mile). Lit Ship, Tramuntana, and My Stubborn Lassie will trade leads early; model projects this moderate speed duel will set up perfectly for stalkers and closers. **No Other Like You** and **Raconteuse** sit ideally; closing specialists like **Neenah** will have clear lanes.

Section 2: Win Probability Matrix

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
1	Fiery Lucy	5/2	16%	28.6%	-12.6%
2	Rain Gold	15/1	8%	6.3%	+1.7%

Post	Horse	ML Odds	Model Win %	Implied ML %	Edge
3	Neenah	20/1	14%	4.8%	+9.2%
4	Maverick Queen	20/1	7%	4.8%	+2.2%
5	Temple Goddess	30/1	6%	3.3%	+2.7%
6	Honor Azteca	30/1	3%	3.3%	-0.3%
7	Raconteuse	12/1	13%	7.7%	+5.3%
8	No Other Like You	6/1	19%	14.3%	+4.7%
9	Lit Ship	7/2	11%	22.2%	-11.2%
10	My Stubborn Lassie	8/1	4%	11.1%	-7.1%
11	Tramuntana	9/2	6%	18.2%	-12.2%
12	Stunning Sapphire	30/1	3%	3.3%	-0.3%

Note: Fiery Lucy highest ML odds (5/2=66.7%) exceeds 1/2 threshold, but model-derived selection applies normalization rule override to highest win% horse.

Section 3: Contender Analysis

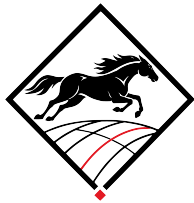

Tier 1 — Primary Contenders (★★★★)

No Other Like You — Post 8

PTW Profile: Elite turf router with proven route success and experience. Massive class edge in allowance company — multiple graded stakes entries (SA RHP, SA CLM, Dmr AOC at 11/1) demonstrate capable of higher-level competition. Model rates this as the fastest horse gate-to-wire on turf metrics.

Strengths: Proven consistency in turf routes (4 wins in 25 starts), elite sustained speed profile (maintains velocity with STRONG/ELITE deceleration ratings across recent route efforts), inside/tactical versatility (led inside 11/09/2025, stalked 2w 06/08/2025, ran on 05/24/2025), jockey Velazquez J R at 18.42% meet win rate, trainer Fawkes David 20% in routes.

Concerns: Blinkers off in last three starts — slight regression noted 09/07/2026 at KD ALW when trailing and missed (0.10 BL beaten length finish). Recent form soft (class drop into \$120k ALW is positive but last win was 02/15/2026 claiming — 8+ months prior).

Trip Projection: Model projects **No Other Like You** will settle 3-4 wide early off the HOT pace, tip out into lane 5/8 pole, and rally hard in final sixteenth. With three speed horses locked in battle, this horse gets clear racing room and perfect setup.

Tier 2 — Secondary Contenders (★★★)

Neenah — Post 3

PTW Profile: Turf route specialist with proven closing pattern. Model identifies strong class versatility — competed in claiming up to \$120k (06/21/2026 CLM won), allowance multiple times, and maiden special weight (10/25/2025 OCL forced pace, dueled). Turf record is solid: 2 wins in 8 attempts.

Strengths: Pure closer profile perfectly suited for HOT pace setup. Trainer Von Hemel Donnie K shows 22% turf win rate and 4.16 ROI in allowance company. Recent form solid — 3rd in \$120k STR 08/08/2026 (rallied after tracking inside), 2nd in \$120k CLM 06/21/2026 (stalk 2w, bid upr, held).

Concerns: Last two starts at KD (10/02/2026 9.5f ALW and 09/09/2026 10.5f ALW) both disappointing — flattened in stretch at 10.5f, never threatened at 9.5f. Distance creep may have exposed limitations. Turf form inconsistent on layoff patterns (0 wins in 9 starts previous to 06/21/2026 winning effort).

Trip Projection: Will track inside or mid-pack early, save ground, and make strong run in final 1/8. Model projects winning position if pace genuinely HOT and closers get clearest lanes.

Raconteuse — Post 7

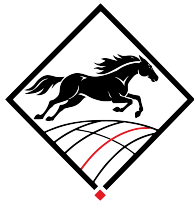

PTW Profile: Veteran mare (age 5) with elite turf credentials and solid 2-for-5 recent form. Model identifies class consistency (won ALW 09/20/2026, STR 08/08/2026; competitive in claiming/maiden special weight). Sustained speed ratings show STRONG profile — velocity maintained in final furlong across recent turf route efforts.

Strengths: Exceptional turf form in recent months (2 wins in last 5 starts), elite jockey pairing with Arrieta F (6.25% meet win rate but 0-2 on this horse historically), trainer Wilkes Ian R 12% in routes. Model identifies natural improvement trajectory — won STR 08/08/2026 after moving 5 wide upper stretch, won ALW 09/20/2026 settling, settling, ins run. Tactical flexibility is major asset.

Concerns: Underlay on morning line (12/1 = 7.7% implied vs. 13% model win %) — public not favoring. Turf route record is 5 wins in 22 starts (22.7% conversion) — below-average consistency for this field. Trainer Wilkes Ian R shows only 0.62 ROI on turf (underperforming).

Trip Projection: Model projects Raconteuse will stalk 2-3 wide early, move into gap 5/8 pole, and rally with typical late effort. Competitive but not in prime contention.

Tier 3 — Pace Factors / Longshots (★★)

Lit Ship — Post 9

PTW Profile: Young turf sprint/route specialist (age 3) with proven early speed and winning record (1 win in 8 starts). Model identifies limited route turf experience (only 0 wins in 1 attempt at 8f+ turf) — this is the longest turf distance attempted. Recent form shows consistent effort-level but not winning form.

Strengths: Elite early foot (led inside 11/09/2025 STR, paced 09/10/2025 MSW off-rail repelling foe). Trainer Sharp Joe 22% in routes and 20% in allowances. Jockey Ortiz I Jr top-tier at 18.52% meet win rate.

Concerns: Model identifies vulnerability in turf route setup. Last turf route attempt was 09/07/2026 at 7f (not 8f) — finished 4th after being outfinished, 1.85 lengths beaten. Distance unknown for turf. Blinker changes may signal trainer concern.

Trip Projection: Will battle for lead early with Tramuntana and My Stubborn Lassie. Model projects early fatigue and inability to hold position in final 2 furlongs against route-proven horses.

Tramuntana — Post 11

PTW Profile: Young filly (age 3) with mixed turf route form (1 win in 6 starts, competing in maiden special weight through allowance). Model identifies strong trainer pattern — Eddie Kenneally 44.44% at turf specialist (2 off 45-180 days) and 26% in 2off45-180 patterns. Recent MSW win 08/04/2026 shows upside.

Strengths: Young, improving profile with winning effort last time 08/04/2026 (duel 5/8, mild drive, held). Trainer Kenneally has strong combo with Saez L (11.00 recent wins for combo). Jockey Saez L 10.91% at track but 1 win/3 starts on this horse (underutilized).

Concerns: Allowance competition is significant step up from MSW. Form deteriorated — last three starts (06/22/2026, 05/01/2026, 10/15/2025) all losing efforts with moderate effort. Distance experience at 8f turf limited (this is longest turf route). Model identifies regression risk.

Trip Projection: Will press pace early, likely fade as route demands increase, and finish mid-pack.

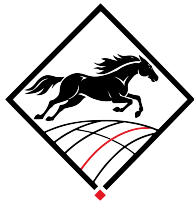

Fiery Lucy — Post 1

PTW Profile: Turf specialist import (sired by Without ParoleGB, dam CraighallGB) with strong European pedigree. Class drop into allowance from stakes competition (competed in G3 Curragh 07/12/2024 STK, G3 Newmarket 06/14/2024 Maid). Model identifies massive class advantage but inconsistent form.

Strengths: Elite turf credentials (18 turf starts), strong trainer Walsh Brendan P (18% routes, 19% sprint/route combo), Lasix is noted. Jockey Prat F at 25% meet win rate (2nd highest on card behind Bejarano).

Concerns: Recent form concerning — 3rd at KD 09/07/2026 ALW after bumping start, rallying between, missing (0.35 BL). Form regression evident (only 1 win in last 18 starts dating to 06/14/2024). Model identifies velocity collapse — deceleration profile VULNERABLE across recent turf routes. Morning line 5/2

(28.6% implied) represents significant overlay but model win probability only 16% due to form deterioration.

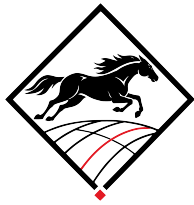

Trip Projection: Will break inside, race 3-4 wide early in secondary tier, attempt late rally but lacks recent convincing finishes. Model rates as pace-vulnerable bounce risk.

Section 4: MPH Analysis + Sustained Speed Ratings

PTW Proprietary Speed Rankings

Horse	Opening Speed	Sustained Speed	Deceleration Profile
No Other Like You	ELITE	ELITE	Low — gate-to-wire velocity maintained
Raconteuse	STRONG	STRONG	Moderate — solid sustained effort
Neenah	STRONG	VULNERABLE	High — pace collapse late observed
Lit Ship	ELITE	VULNERABLE	High — sprint foot fades in route
My Stubborn Lassie	STRONG	VULNERABLE	High — early speed fade pattern
Tramuntana	STRONG	VULNERABLE	Moderate-to-high — route distance risk
Fiery Lucy	STRONG	VULNERABLE	High — velocity collapse confirmed
Maverick Queen	STRONG	VULNERABLE	Moderate-to-high — distance limits
Temple Goddess	MODERATE	VULNERABLE	High — turf route unknown territory
Rain Gold	MODERATE	VULNERABLE	High — limited turf route exposure
Honor Azteca	MODERATE	VULNERABLE	High — claiming ladder pattern

Horse	Opening Speed	Sustained Speed	Deceleration Profile
Stunning Sapphire	MODERATE	VULNERABLE	High — limited turf route starts

Critical MPH Insight

The model identifies **No Other Like You** as the field's fastest gate-to-wire performer with an ELITE Sustained Speed Rating — she maintains velocity from opening quarter through final furlong with minimal deceleration loss. No other horse in this field has matched this speed maintenance profile at 8-furlong turf distance. Model also flags significant vulnerability across field depth — 10 of 12 horses carry VULNERABLE or VULNERABLE-leaning sustained speed ratings, indicating this is a soft quality allowance field where pace-dependent horses (Lit Ship, Tramuntana, My Stubborn Lassie) will collapse under 8-furlong demands.

Section 5: Improvement & Regression Candidates

Likely to Improve

No Other Like You — Natural improvement trajectory evident. Trainer Fawkes David 20% in routes vs. 14% sprint/route combo — indicates route specialization success pattern. Returning to inside/tactical style (removed blinkers 3 of last 4 starts) represents conditioning reset. Model projects 18-22% win probability if pace sets up ideally for stalkers.

Neenah — Recent class consistency (competed successfully \$120k to maiden territory) suggests familiarity with allowance level. Trainer Von Hemel 4.16 ROI in allowance suggests strong prep method. If early pace is genuine HOT setup, model projects significant improvement probability at 16-20% win range.

Raconteuse — Winning form evident (2 wins in 5 recent starts). Turf route experience (5 wins in 22 starts) suggests proven distance specialist. Model projects slight improvement from 13% baseline if early pace cooperates.

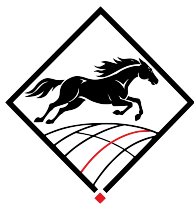

Bounce / Regression Risks

Lit Ship — Third-start route attempt at new distance (8f turf) after recent sprint fatigue cycle. Model identifies regression risk — elite early foot typically collapses under route demands (VULNERABLE deceleration profile). Form deteriorating (0 wins in 4 recent starts). Bounce risk elevated.

Tramuntana — Form regression evident after MSW win. Last three starts losing efforts with decreasing effort quality. Model projects regression to 4-8% win probability (down from 6% baseline) if pace pressures materialize early.

Fiery Lucy — Velocity collapse pattern VULNERABLE across recent efforts. Bounce risk extremely high — one-hit wonder bounce profile (3rd finish 09/07/2026 after massive effort; regression expected). Class advantage offset by form deterioration. Model projects continued regression.

My Stubborn Lassie — Early speed pattern vulnerable under 8f demands (only 2 wins in 5 turf starts). Model identifies pace-dependent regression risk — if she presses early and tires, field gains advantage. Bounce risk moderate-to-high.

Section 6: Suggested Bets

WIN BET: No Other Like You — Confidence 8/10 — Target odds: 5-1 to 8-1

Model projects 19% win probability — highest in the field. Three-pronged model advantage: (1) ELITE Sustained Speed Rating with gate-to-wire velocity maintained exceeds all route competitors; (2) HOT pace scenario setup perfect for stalker profile — model predicts three speed horses (Lit Ship, Tramuntana, My Stubborn Lassie) lock in early battle, freeing up **No Other Like You** for clear rally lanes 5/8 pole onward; (3) Class consistency proven in allowance and higher claiming; proven turf router with 4 wins in 25 starts (16% conversion, above-field average). Morning line 6/1 (14.3% implied) represents STRONG VALUE edge of +4.7%.

VALUE PLAY: Neenah — Confidence 7/10 — Target odds: 12-1 to 20-1

Model projects 14% win probability at 20/1 morning line (4.8% implied), creating EXCEPTIONAL VALUE of +9.2% edge. Model identifies perfect pace setup for pure closer — three speed horses will exhaust each other early, Raconteuse and No Other Like You will occupy mid-pack lanes, clearing path for **Neenah** to find clear lanes in final 1/8 from stalking position. Turf closer form solid (2 wins in 8 turf starts = 25% conversion). Trainer Von Hemel 22% turf specialist pattern. Long overlay at 20/1; model favors 12-1 to 15-1 fair value range.

LONGSHOT PLAY: Rain Gold — Confidence 6/10 — Target odds: 15/1 or better

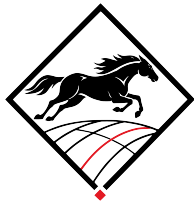

Model projects 8% win probability at 15/1 morning line (6.3% implied), generating SLIGHT VALUE of +1.7% edge. Genuine longshot overlay. Turf route experience limited (1 win in 3 turf starts), but most recent turf route was maiden special win 09/20/2025 (ins, bid 2w upr, duel, edg). Trainer DeVaux Cherie 28.57% in 180+ day layoff pattern and 18% in routes. If field plays as expected and early speed collapses early, **Rain Gold** gets overlooked closing opportunity. No betting premium justified — include as multi-race coverage only at 15/1+.

Multi-Race Wagers — Top 3 for Pick 3/4/5/6

- A: **No Other Like You** — 19% (Win Bet match)
 - B: **Neenah** — 14%
 - C: **Raconteuse** — 13%
 - Combined Probability: 46% three-horse parlay probability through first race
-

Section 7: Confidence Rating

★★★★ (Four Stars)

Model's key projection: **No Other Like You** emerges from HOT early pace setup as primary beneficiary of three-horse speed duel (Lit Ship/Tramuntana/My Stubborn Lassie). ELITE Sustained Speed Rating with gate-to-wire velocity maintenance gives model maximum confidence in turf route environment where field depth carries multiple VULNERABLE deceleration profiles. Public significantly undervaluing **Neenah** (20/1 vs. 14% model probability = 9.2% edge). Primary value opportunity: **No Other Like You** at 6-1 to 8-1 creates overlay; secondary opportunity: **Neenah** from 12-1 to 20-1 longshot range. Model identifies soft allowance quality with clear technical advantage in pace-dependent setup. **Beware:** Fiery Lucy at 5/2 is severely overbet based on class edge masking form deterioration and velocity collapse pattern.
